

23. SEZNAM LITERATURY POUŽITÉ K PUBLIKACI

1. Annetem Meursing, E. E., David, J. a kol.: *Základy anestézie u dětí. Referátový výběr z anesteziologie*, 1993, 40, 3, s. 4 - 24
2. Bevan, Dr., Kahwaji, R. a kol.: *Residual block after mivacurium with or without edrophonium reversal in adults and children. Anesthesiology (US)*, 1996, 84, 2, s - 327 - 7
3. Borek, Ivo a kol.: *Vybrané kapitoly z neonatologie a ošetrovatelské péče*, IDV PZ, Brno, 1997
4. Brain, A. I. J.: *The Intavent Laryngeal Mask Instruction manual*, Bracnal, Berkshire, 1990
5. Bystřický, Z. a kol.: *Kontinuální epidurální analgésie po operacích hrudníku v dětském věku. Anesteziologie a neodkladná péče*, 1994, 7, 5, s. 182 - 5
6. Davis, P. J., Lerman, J. a kol.: *A randomized multicenter study of remifentanyl compared with alfentanil, isoflurane or propofol in anesthetized pediatric patients undergoing elective strabismus surgery, Anesth. Analg (US)*, 1997, 84, 5, s. 982 - 9
7. Drábková, J., Hess, L.: *Anestézie pro ambulantní výkony*, Praha, 1994
8. Dsida, R. M., Birmingham, P. K. a kol.: *Premedication of pediatric tonsillectomy patients with oral transmucosal fentanyl citrate. Anesth. Analg. (US)*, 1998, 86, 1, s. 66 - 70
9. Epstein, R. H., Mendel, H. G. a kol.: *The safety and efficacy of oral transmucosal fentanyl citrate for preoperative sedation in young children. Anesth. Analg. (US)*, 1996, 83, 6, s. 1200 - 5
10. Frisen, R. H., Lockhart, C. H.: *Oral transmucosal fentanyl citrate for preanesthetic medication day surgery patients with and without droperidol as a prophylactic antiemetic. Anesthesiology (US)*, 1992, 76, 3, s. 354 - 6

11. Ginsberg, B., Howell, S., Glass, P. S.: *Pharmacokinetic model - driven infusion of fentanyl in children. Anesthesiology (US), 1996, 85, 6, s. 1 268 - 75*
12. Goldstein - Dresner, M. C., Davis, P. J., Kretchman, E.: *Double blind comparison of oral transmucosal fentanyl citrate in children with oral meperidine, diazepam and atropin as preanesthetic medication in children with congenital heard disease. Anesthesiology (US), 1970, 74, 1, s. 28 - 33*
13. Hess, L.: *Sedace při vědomí midazolamem. Praha, 1991*
14. J"ohr Martin: *"Kinderan" asthesie, Gustav Fischer, Stuttgart. 1998*
15. Koscielniak - Nielson, Z. S., Bevan, J. C., Popovic, V.: *Onset of maximum neuromuscular block following succinylcholine or vecuronium in four age groups. Anesthesiology (US), 1993, 79, 2, s. 229 - 34*
16. Mareš, J. a kol.: *Dítě a bolest, Grada, Praha, 1997*
17. Miloschewsky, D. a kol.: *Regionální anestézie, Adéla, Plzeň, 1998*
18. Morgan, E. G.: *Clinical Anesthesiology, Apleton a Large, USA, 1992*
19. Murad, Ballard, V.: *Pharmacokinetics of propofol after a single dose i children age 1 - 3 yers with minor burns. Anesthesiology (US), 1996, 84, 3, s. 526 - 32*
20. Pacht, J.: *Základy anesteziologie a neodkladné péče se zaměřením na dětský věk, HaH, Praha, 1992*
21. Patel, R. I., Davis, P. J. a kol.: *Single dose ondansetron prevents postoperative vomiting in pediatric outpatients, Anesth. Analg. (US), 1997, 85, 7, s. 538 - 45*
22. Parker, R. I., Mahan, R.A. a kol.: *Efficacy and safety of intravenous midazolam and ketamine as sadation for therapeutic procedure in children. Pediatrics (US), 1997, 99, 3, s. 427 - 31*
23. Porsborg, P., Astrup, G., Bendixen, D.: *Osteogenesis imperfecta and malignant hypertermia. Anesthesia (Eng), 1996, 51, 9, s. 863 - 5*
24. Pospíšil, D., Ryšavá, M.: *Autotransfuze u dětského pacienta. Anesteziologie a neodkladná péče 1991, 2, 6, s. 182 - 189*

25. Ready, B. L., Edwards, Thorma: *Léčba akutní bolesti. IASP Publications, Seathle, USA, 1992*
26. Ryšavá, M., Navrátilová, M., Pospíšil, R.: *Použití alfentanilu v balancované anestézii. Anesteziologie a neodkladná péče 1996, 6, 1, s. 31 - 34*
27. Scheiber, G., Ribeiro, F. C.: *Intubating condotions and onset of action after nocruronium, vecuronium and atracurium in jounge children. Anesth. Analg. (US), 1996, 83, 2, s. 320 - 4*
28. Schwilden, H., Stechel, H.: *Effective therapeutic infusions produced by closed - loop feedback control of methohexital administration during intravenous anesthesia with fentanyl. Anesthesiology (US), 1990, 73, 2, s. 225 - 9*
29. Splinter, W. M., Rhine, E. J.: *Low ondansetron with dexamethazone more effectivety degreates vomiting. Anesthesiology (US), 1998, 88, 1, s. 72 - 5*
30. Splinter, W. M., Roberts, D. J. a kol.: *Profylaxis for vomiting by children after tonsillectomy dexamethazone versus perphenazine. Anesth. Analg. (US), 1997, 85, 3, s. 534 - 7*
31. Sullivan, K. J., Berman, L. S. a kol.: *Intramuscular atropine sulfate in children, comparison if injection sites. Anesth. Analg. (US), 1997, 84, 1, s. 45 - 8*
32. Walbergh, E. J., Erkhert, J. a kol.: *Plazma concentrations of midazolam in children following intranasal administration. Anesthesiology (US), 1994, 74, 2, s. 233 - 5*
33. Wolfel, S. K., Dong, M. I., Braudom, B. V.: *Vecuronium infusion reguirements in children during halatane - narcotic - nitrous oxide, isoflurane - narcotic - nitrous oxide and narcotic - nitrous oxide anesthesia. Anesth. Analg. (US), 1997, 73, 1, s. 33 - 8*
