

Výběr použité literatury

„Místo je pořád v pohybu, jako spící kočka,“ jak půvabně pravil Toshiya Tsunoda. Někdy člověk musí zůstat nehybný, aby viděl, jak se jemně posouvá, jak ze sna pošubává kůží. Velká část rešerší a úvah pro text *Podzemí* proběhla nikoli pod povrchem zemským, ale v knihovnách a prostřednictvím knih. V této bibliografii cituji některé z mnoha textů, do nichž jsem v průběhu let nahlížel, a které mi pomohly najít jazyk i formu pro věci, jež se – z podstaty svého vztahu k podzemí – často nedaly snadno zachytit či vyjádřit. Hvězdičkou jsem označil texty, které mě obzvlášť zaujaly či ovlivnily, nebo ty, z nichž jsem načerpal zvlášť hodnotné informace. Fakta, která uvádí vypravěč *Podzemí*, předkládané podrobnosti a útržky myšlenek může čtenář prověřit v dílech citovaných na následujících stranách a v poznámkách pod čarou. Jsem hluboce zavázán mnoha objevitelům, umělcům, spisovatelům a vědcům, kteří sestoupili do temnot přede mnou. (České překlady uvádíme pouze u textů, které autor v *Podzemí* přímo cituje a uvádí v poznámkách. – Pozn. překl.)
