

Selected Bibliography

This list of references does not constitute an exhaustive bibliography. It simply gives the details of a series of useful contributions that go beyond an 'artistic' approach to put the subject in an anthropological, sociological and political context. The titles are in chronological order, starting with the most recent and ending with the first significant overviews of the subject. The works by colonial-era anthropologists and administrators are not included here but are cited in the notes to the main text.

The reader may also consult the archives kept by The Centre of South Asian Studies at the University of Cambridge (accessed via The Naga Database included in the Digital Himalaya project: <http://himalaya.socanth.cam.ac.uk/collections/naga/coll/4/xcontents/detail/all/index.html>).
