

## CONTENTS

INTRODUCTION .....	7
HISTORY OF ROMANIES (GYPSIES) .....	9
NAMES OF ROMANIES .....	20
REVIEW OF ANTHROPOLOGICAL RESEARCH OF ROMANIES IN THE SLOVAK AND CZECH REPUBLICS .....	23
RESULTS OF AUXOLOGICAL STUDY OF ROMANIES AND NON-ROMANIES FROM SLOVAKIA .....	28
<i>GROUPS EXAMINED AND THE METHODS USED</i> .....	28
<i>ANTHROPOLOGICAL CHARACTERISTICS OF ROMANY AND NON-ROMANY FULLTERM NEWBORNS</i> .....	32
Somatic parameter evaluation of fullterm Romany and non-Romany newborns .....	32
Relation between Romany mother age and somatic height to birth weight and length of their children .....	43
Proposal of new low birth weight limit for fullterm Romany newborns .....	46
<i>BODY GROWTH AND DEVELOPMENT IN ROMANY AND NON-ROMANY PRESCHOOL-AGE CHILDREN</i> .....	53
Somatic parameter evaluation. ....	53
Serum thyroxine and 3.5.3. triiodothyronine levels .....	64
<i>BODY GROWTH AND DEVELOPMENT IN ROMANY AND NON-ROMANY SCHOOL-AGE CHILDREN</i> .....	68
Somatic parameter evaluation .....	68
Evaluation of hair pigmentation .....	94
Evaluation of iris pigmentation .....	94

---

Bone maturity evaluation .....	96
Menarche middle age .....	102
Serum levels of gonadotropins .....	103
RESULTS OF ANTHROPOGENETICAL STUDY OF ROMANY AND NON-ROMANY POPULATION FROM SLOVAKIA .....	127
<i>GROUPS EXAMINED AND THE METHODS APPLIED</i> .....	127
<i>GENE FREQUENCIES OF GENETIC MARKERS</i> .....	131
Distribution of the blood groups .....	131
Distribution of the serum groups .....	143
Distributions of the red cell isoenzymes .....	145
Distributions of HLA antigens .....	148
DNA polymorphisms .....	150
Variable number of tandem repeat (VNTR) polymorphisms .....	150
Short tandem repeat (STR) polymorphisms .....	155
CONCLUSION .....	163
REFERENCES .....	172
APPENDIX .....	197
