List of Boxes, Figures, and Tables	xi
Acknowledgments	xiii
Preface	xv
PART I: Introduction	1
1. Interviewing as Research	3
The Interviewer as a Miner or as a Traveler	3
Conversation as Research	5
Interview Research in the Social Sciences	8
Theoretical Issues	10
Methodological Issues	12
Overview of the Book	13
PART II: Conceptualizing the Research Interview	17
2. The Interview as a Conversation	19
Knowledge as Conversation	19

Socrates' Philosophical Dialogue on Love	21
A Therapeutic Interview on Hate	24
A Research Interview on Learning	27
The Mode of Understanding in the Qualitative Research Interview	29
Interviews in Three Conversations	36
3. Postmodern Thought, Hermeneutics, Phenomenology, and Dialectics	38
Postmodern Construction	41
Hermeneutical Interpretation	46
Phenomenological Description	52
Dialectical Situating	55
Philosophy and Interviews	57
4. Qualitative Research in Science and in Practice	59
The Scientific Status of the Interview	59
Positivism	61
Objectivity in Qualitative Research	64
Qualitative and Quantitative Research	66
Qualitative Market Research	70
Feminism and Qualitative Research	72
Psychoanalytical Knowledge Production	74
Psychoanalysis as a Research Method	74
Therapeutic Research Between Scylla and Charybdis	79
PART III: The Seven Stages of an Interview Investigation	81
5. Thematizing and Designing an Interview Study	83
Openness and Emotions in Interview Studies	83
The Seven Stages of Interview Research	87
Interviews About Grades	89
Thematizing	94
Content	95
Purpose	97

Designing	98
The Temporal Dimension	99
Interview Forms	101
How Many Interview Subjects Do I Need?	101
Resources Available	103
When Not to Interview	104
From Method to Craftsmanship	105
6. Ethical Issues in Interview Inquiries	109
Ethical Issues at Seven Research Stages	110
Ethical Guidelines	110
Ethical Codes	110
Informed Consent	112
Confidentiality	114
Consequences	116
The Role of the Researcher	117
Ethical Issues at the Start of a Study	118
Ethical Theories	120
7. The Interview Situation	124
The Interview Conversation	124
Framing the Interview	127
The Interview Guide	129
Interview Questions	131
An Interview About Grades	136
8. The Quality of the Interview	144
Interview Quality	144
The Interview Subject	146
Interviewer Qualifications	147
Hamlet's Interview	151
The Ethics of Interviewing	153
Leading Questions	157
9. From Speech to Text	160
Recording Interviews	160

Transcription Reliability and Validity	163
Oral and Written Language	166
Transcribing Interviews	168
Computer Tools for Interview Analysis	173
10. The 1,000-Page Question	176
Dismiss or Interpret the 1,000-Page Question?	176
What Does the 1,000-Page Question Mean?	177
“Have”—Too Late!	177
“1,000 Pages”—Too Much!	178
“How”—Ask “What” and “Why” First	179
“Method” Versus Knowledge	180
“Transcripts”—Beware!	182
“Collected” Versus Coauthored	183
“Analyze” Versus Narrate	184
Method of Analysis	185
11. Methods of Analysis	187
Steps of Analysis	187
Approaches to Interview Analysis	188
Meaning Condensation	193
Meaning Categorization	196
Meaning Structuring Through Narratives	199
Meaning Interpretation	201
Ad Hoc Meaning Generation	203
Issues of Analysis	204
Control of Analysis	207
12. The Plurality of Interpretations	210
The Primacy of the Question	210
Questions Posed to an Interview Text	213
Three Contexts of Interpretation	213
Three Communities of Validation	217
Interpretation of Content or of Person	218

Production of an Invalid Understanding	221
The Consequences of an Invalid Understanding	222
Questions Put to Texts	223
The Quest for "The Real Meaning"	225
13. The Social Construction of Validity	229
The Trinity of Generalizability, Reliability, and Validity	229
Generalizability	231
Reliability and Validity of Interviews	235
Validity in Modern and Postmodern Contexts	236
Validity as Quality of Craftsmanship	241
Communicative Validity	244
Pragmatic Validity	248
Validity of the Validity Question	251
14. Improving Interview Reports	253
Boring Interview Reports	253
Investigating With the Final Report in Mind	256
Writing for the Readers	258
Ethics of Reporting	259
Improving Standard Modes of Reporting	262
Standard Structure of a Report	262
Method	262
Results	262
Writing as Social Construction	268
Enriching Interview Reports	271
Journalistic Interviews	271
Dialogues	272
Therapeutic Case Histories	273
Narratives	274
Metaphors	274
Visualizing	275
Modes of Presentation in the Present Book	276

PART IV: Conclusion	277
15. Conversations About Interviews	279
Reception of Interview Studies	279
Ten Standard Objections to Interview Research	281
Internal Critiques of Interview Research	291
Conversations About Conversations	295
References	299
Author Index	307
Subject Index	311
About the Author	326

List of Boxes, Figures, and Tables

Boxes

Box 2.1.	Aspects of Qualitative Research Interviews	30
Box 3.1.	Literature on Philosophies Pertaining to Interview Research	39
Box 3.2.	Hermeneutical Canons of Interpretation	48
Box 4.1.	The Psychoanalytical Research Interview	75
Box 5.1.	Emotional Dynamics of an Interview Study	85
Box 5.2.	Seven Stages of an Interview Investigation	88
Box 5.3.	Literature on Qualitative Research	90
Box 6.1.	Ethical Issues of the Seven Research Stages	111
Box 6.2.	Ethical Questions at the Start of an Interview Study	119
Box 7.1.	Types of Interview Questions	133
Box 8.1.	Quality Criteria for an Interview	145
Box 8.2.	Qualification Criteria for the Interviewer	148

Box 11.1.	Six Steps of Analysis	189
Box 13.1.	Validation at Seven Stages	237
Box 14.1.	Investigating With the Final Report in Mind	257
Box 14.2.	Structuring an Interview Report	263
Box 14.3.	Reader Questions About Methods	264
Box 14.4.	Guidelines for Reporting Interview Quotes	266
Box 15.1.	Sex, Violence, Religion, Feminism, and Interviews	282
Box 15.2.	Ten Standard Reactions to Qualitative Interviews	284
Box 15.3.	Ten Internal Critiques of Interview Research	292

Figures

Figure 1.1.	The Research Interview Seen as InterViews	15
Figure 11.1.	Five Approaches to Interview Analysis	191
Figure 11.2.	Dimensions and Categories of the Grading Perspective	197
Figure 11.3.	Influence of Grades on Pupil's Relationship to Teacher	198
Figure 15.1.	Knowledge Construction Through the Interview and the Research Conversation	280

Tables

Table 5.1.	From Interview Statements to Questionnaire Items	94
Table 7.1.	Research Questions and Interview Questions	131
Table 9.1.	Two Transcriptions of the Same Interview Passage	164
Table 9.2.	Two Transcriptions of Leona's Story of Her Puppy	165
Table 11.1.	The Natural Meaning Units and Their Central Themes	195
Table 11.2.	Essential Description of Style of Learning	196
Table 12.1.	Contexts of Interpretation and Communities of Validation	214

Subject Index

- Action(s):
descriptions of, 30, 32
dialectics and, 55, 56
feminist research and, 72-73
hermeneutical interpretation and, 46
knowledge relationship, 39, 248,
249-250
moral, 121
pragmatic validation and, 241,
248-249
psychoanalytical research and, 76
technological approach to, 63
uncovering reality, 56
"why" questions about, 131
- Action research, 293, 294
- Aesthetic sensibility, 106
- Ambiguous statements, 31, 34
- American Psychological Association,
ethical principles and, 109-110,
117
- Analogies, 274-275
- Analysis, *see* Interview analysis
- Analytical generalization, 233-234
- Anonymity, 115, 119, 172, 259-260
- Anthropological studies, 96, 293
- Argumentation:
philosophical discourse and, 20, 21,
23
rational, 66, 246
- Arithmetic intersubjectivity, 65
- Auxiliary method, interview serving as,
98
- Background material, interview used as,
98
- Behavior:
changes in, 249, 294
consumer, 71
control of, 11, 62, 70, 72
dialectics and, 55
laws of, 232
prediction of, 11
- Behaviorist approach, 51, 63, 70
generalizability and, 232
See also Skinnerian approach
- Belief, social justification of, 37
- Betti-Gadamer controversy, 47

- Bias, 64, 118, 286
 - interpretation and, 242
 - memory of interview and, 162
- Biased subjectivity, 212, 287
- Bildungsreise*, 4
- Bodily expressions, 129, 293
 - interpreting, 31-32
 - recording, 161
 - transcribing, 167
- Briefing, before interview, 127, 153
- Bureaucratic institutions, quantification and, 63

- Case histories:
 - generalizability and, 232, 233-234
 - psychoanalytical research and, 75
 - reporting and, 273
- Categories:
 - coding and, 205-206
 - multiple interpreters and, 208
- Change:
 - contradictions driving, 55-57
 - feminist research and, 73
 - interview process producing, 31, 34, 190
 - pragmatic validation and, 248
 - psychoanalytical interview and, 77, 78
 - therapeutic interview and, 26, 156, 248
- Children:
 - informed consent in interviewing, 113
 - leading questions and, 158
- Clarification, 145, 178
 - ambiguous statements and, 132
 - analysis and, 190
 - contradictory statements and, 34
 - statement categorization and, 130
- Class society, 55-56
- Client-centered interview, 24-26
- Coders:
 - multiple, 208
 - reliability and, 65, 199, 208
- Coding, 192, 205-206
 - computer analysis and, 173-174
 - meaning categories and, 197-198
- Communicative validity, 65, 245-248

- Community of scholars, validation through negotiations of, 247
- Comparison, meaning generation and, 204
- Computers:
 - analysis and, 8, 173-175, 190, 293
 - transcriptions and, 163, 173-175
- Concepts, qualitative, 69
- Conceptual clarification, of theme, 89
- Conceptual structures:
 - computer assistance in building, 174
 - interpretation and, 201-202
- Conceptual understanding, of research content, 95-96
- Confidentiality, 111, 114-115, 119, 154, 172, 259
- Consciousness:
 - dialectics and, 55, 58
 - phenomenological descriptions of, 11
- Consensus, 42
 - coercion of, 250
 - dialectics and, 57
 - hermeneutics and, 51
 - of interpretation, 58
 - intersubjective, 63, 64, 65
 - reliability and, 181
 - truth and, 246, 248
 - validity and, 217
- Constructionism, 45
- Construct validity, 240
- Content analysis, 68
- Context, 36, 127-128
 - computer analysis and, 174
 - ethical position and, 122-123
 - hermeneutical interpretation and, 49
 - historical, 11
 - interpersonal, 44
 - interpretation and, 49, 193, 212, 213-217
 - knowledge as, 44
 - local, 42
 - material, 212, 293
 - meaning and, 167-168
 - social, 11, 212, 293
 - transcriptions and, 163, 167-168
- Contradictions, study of, 39, 55-57, 58
- Contradictory statements, 34, 39, 167
- Contradictory meanings, 76, 167, 168, 226

- Control(s), 118
 analysis and, 207-209
 natural sciences and, 51
 questions for, 100
- Control of behavior:
 behaviorism and, 70
 consumers and, 72
 positivism and, 11, 62
- Conversation(s):
 as basic mode of knowing, 37
 context of, 36
 of daily life, 5-6, 20
 decontextualized, 167
 defining, 19
 forms of, 5
 hermeneutical interpretation and,
 38, 46-52
 interview as, 15-16, 19-37
 about interviews, 279-298
 knowledge as, 19-21, 37, 42-43
 pauses in, 134-135
 power relations in, 126
 reality and, 37
 as research, 5-7, 8, 124-127
 traveler metaphor and, 4-5
- Conversational skills, 147
- Conversational technique, 36
- Craft, interviewing as, 105-108
- Creativity, hermeneutical interpretation
 and, 50
- Critical commonsense understanding,
 214-215, 217
- Culture:
 oral, 166
 renarrativization of, 43
 self-understanding mediated within,
 51
 written, 166-167
- Daily life, conversations of, 5-6, 20
- Data:
 observable, 61
 reproducible, 65
 testable, 65
- Data analysis, 69. *See also* Interview
 analysis
- Debriefing, after interview, 127, 153
- Deconstructive reading, 227
- Defense mechanisms, 35
- Depth interview, 71
- Description(s):
 analysis and, 187, 188
 changing, 34
 interpretation versus, 127
 nuanced, 30, 32
 open, 53
 phenomenological perspective and,
 11, 38, 39, 52-55
 precision in, 32
 rich, 133, 145, 275
 spontaneous, 133, 134, 145
 uninterpreted, 32-33
- Design, *see* Research design
- Dialectical materialism, 55-56, 58
