Detailed Contents

Chapter 1

Approaches to the Study of Social Problems 1

What Is a Social Problem? 3

Personal Troubles, Public Issues, and Social Problems 3

The Social Context of Social Problems 4

The Sociological Imagination 8

Theoretical Perspectives on Social Problems 8

The Functionalist Perspective 9

The Conflict Perspective 10

The Interactionist Perspective 12

Using the Theoretical Perspectives 13

Research on Social Problems 14

The Scientific Method 14

Values, Interest Groups, and Objectivity 15

Applied Research: Untangling Myths and Facts About Social Problems 16

Assessing Data: Problems and Pitfalls 18

Sampling Problems 18

Assessing Causality 19

Measuring Social Problems 19

Assessing Claims 20

Future Prospects: Solving Social Problems 20

The Interplay of Policy and Research 20

Who Provides Solutions? 21

Policy Issues: Domestic Violence:

How to Intervene? 22

Should We Solve the Problem? 24

Part I

Problems Affecting Social Institutions 29

Chapter 2

Growth of Corporate and Government Power 31

Myths and Facts About Business and Government 33

Types of Economic Systems 34

Capitalism 34

Socialism 35

Mixed Economies 36

The Concentration of Economic and Political Power 37

The Corporate Economy 37

Unionization 39

Big Government 41

Perspectives on the Concentration of Power 43

The Functionalist Perspective 43

The Conflict Perspective 44

The Iron Law of Oligarchy 45

Is There a Power Elite in America? 45

The Power Elite Model 45

Applied Research: The Press and the Power Elite 46

The Pluralist Model 47

Assessment of the Models 48

Problems Created by the Concentration of Power 49

Effects on Competition 49

Conflict Between Societal and Corporate Goals 50

The Dwindling of Unions 50

Worker Discontent and Alienation 51

Worker Dislocation and Unemployment 51

Abuse of Governmental Authority 53

Policy Issues: The Deindustrialization and Reindustrialization of America 54

Future Prospects 56

Reducing Government and Deficits 56

Government Reorganization 57

Collective Action by Citizens 57

Economic Reorganization 59

Chapter 3

Family-Related Problems 65

Myths and Facts About the Family 66

<i>The Family in Society</i>	67	The Medical Model	114
The Functionalist Perspective	67	Mental Illness as Deviance	115
