Abbreviations and acronyms	ix
Foreword by Richard Feachem	xi
Executive Summary	xiii
Chapter 1 A message to Ministers of Finance: health and health research are possibly the best economic investments	1
Section 1 Investments in health and health research rank among the most productive investments for both individuals and the economy as a whole	3
Section 2 Why such low investments in health?	8
Section 3 Health: moving closer to the centre of the development agenda	11
Section 4 Efforts of the international community towards reaching the MDGs	13
Section 5 Role of health research in reaching the MDGs	24
Section 6 Conclusions	30
Chapter 2 An overview of the Global Forum for Health Research	33
Section 1 The problem	35
Section 2 Central and specific objectives	35
Section 3 Partners, governing bodies and management	36
Section 4 Vision, values and role	37
Section 5 Global strategies	38
Section 6 Projects supported	45
Section 7 Financing of the Global Forum and perspectives on the 10/90 gap	46
Chapter 3 Correcting the 10/90 gap: from the 1990 Commission to the 2004 Mexico Summit	47
Section 1 The nineties: the beginning of a revolution in health research	49
Section 2 Implementation of the recommendations of the 1990 Commission on Health Research for Development	50
Section 3 Implementation of the recommendations of the 1996 Ad Hoc Committee on Health Research	53
Section 4 Implementation of the recommendations of the 2000 Bangkok Action Plan	58
Section 5 Summary of the recommendations made since 1990, main results and challenges for the Mexico Summit, Forum 8 and beyond	62
Chapter 4 Priority setting in health research	67
Section 1 About priority setting	69
Section 2 Comparison of experiences in priority setting: processes and methods	72
Section 3 The Combined Approach Matrix	79
Section 4 Application of the Combined Approach Matrix	82
Section 5 Technical issues concerning the economic dimensions of priority setting	95
Section 6 Comparison of outputs of priority-setting exercises	101
Section 7 Conclusions	102
Chapter 5 Progress in measuring the 10/90 gap	105
Section 1 Measuring financial flows: review of ongoing efforts	107

Section 2	Measuring financial flows: results to date	111
Section 3	Measuring financial flows: difficulties encountered	117
Section 4	Measuring financial flows: an attempt to standardize the methodology	118
Section 5	Measuring the 10/90 gap: comparing disease burden with investment in health research	122
Section 6	Conclusions and future steps	125
Chapter 6	Gender, the MDGs and health research	127
Section 1	Sex, gender and the 10/90 gap	129
Section 2	Gender and the MDGs	134
Section 3	Conclusions	145
Chapter 7	Research capacity strengthening: progress and perspectives	147
Section 1	Definition and dimensions	149
Section 2	The problem	150
Section 3	RCS for what?	152
Section 4	Partners in RCS	155
Section 5	Selected examples of RCS efforts	157
Section 6	Agenda for the coming years	161
Chapter 8	Information networks in health research: an overview	163
Section 1	Information and communication are key to fighting the 10/90 gap	165
Section 2	Health InterNetwork Access to Research Initiative (HINARI)	178
Section 3	INASP-Health	181
Section 4	Scientists for Health and Research for Development (SHARED)	184
Section 5	Conclusions and next steps	187
Chapter 9	Some networks in the priority research areas	189
	A Networks focusing on diseases and conditions	191
	1. Global Alliance for Cancer Control	191
	2. Global Alliance for TB Drug Development	193
	3. HIV/AIDS	199
	4. Initiative for Cardiovascular Health Research in Developing Countries	210
	5. Medicines for Malaria Venture	215
	6. Mental and Neurological Health	220
	7. Multilateral Initiative on Malaria	226
	8. Reproductive Health	231
	9. Road Traffic Injuries Research Network	238
	10. Roll Back Malaria	242
	11. TDR	248
	B Networks focusing on determinants (risk factors)	252
	12. Child Health and Nutrition Research Initiative	252
	13. Sexual Violence Research Initiative	254
	C Networks focusing on priority-setting methodologies	257
	D Networks focusing on policies and cross-cutting issues	258
	14. Alliance for Health Policy and Systems Research	258
	15. Council on Health Research for Development	264
	16. Initiative on Public-Private Partnerships for Health	275
