1 Introduction: agenda, agency, and the aims of Central East European transitions	1
1 The particular character of the Central and East European transitions	3
2 The role of military force and conflict	6
3 The political context: weak agents, diverse aspirations	11
4 The agenda: economic interests, political institutions, national identities	17
5 The demise of European state socialism	21
6 Consolidating the new order by institutionalizing agency: who shall be in charge?	27
2 Mapping Eastern Europe	35
1 Introduction	35
2 Bulgaria, Czechoslovakia, and Hungary at the outset of transformation: comparative country profiles	37
3 The demise of communist rule: modes of extrication	48
4 The shadow of the past: methodological remarks	60
3 Constitutional politics in Eastern Europe	63
1 Constitution making	64
2 Constitutional structure and provisions	80

4	Building and consolidating democracies	109
1	Introduction	109
2	The choice and consequences of the electoral systems	111
3	Political parties, cleavage structures, and party systems: the prospects for party competition	131
5	Building capitalism in Eastern Europe	156
1	Introduction	156
2	The state of the economic reform: constraints, dilemmas, paradoxes	158
3	Bringing the state back out	161
4	The furnishing of capitalism	183
5	The long road to functioning markets	194
6	Social policy transformation	203
1	Introduction	203
2	The old welfare regime and the reform ambitions after 1989	204
3	Reform policies since 1989: institutional continuities and changes in the realm of social policy	208
4	Management of social protection: from state command to interest coordination	234
5	Comparative assessment: state of reform and performance	244
7	Consolidation and the cleavages of ideology and identity	247
1	Categorical conflicts and class conflicts	247
2	Ethnic and other "identity-based" cleavages	254
3	Politico-ideological cleavages	261
4	Conclusion	267
8	Conclusion: the unfinished project	271
1	Criteria and prerequisites of consolidation	271
2	Evaluation of the outcomes of the transition process in the four countries under study	274
3	How to explain the ranking	292
4	Concluding observations	305
