Introduction .....	7
--------------------	---

## CHAPTER I.

The Nature of Stress .....	13
Subjective and Objective Manifestations of Stress	
Stress and Performance .....	18
Speed of Return to Initial State as Indicator of Stress Intensity .....	25
Problems and Methodological Limitations of the Objectivization of Stress .....	29

## CHAPTER II.

Stress and Health .....	33
Psychosomatic Model of Stress .....	34
Cardiovascular Diseases and Stress .....	36
Digestive System and Stress .....	41
Immune Reaction and Stress .....	42

## CHAPTER III.

"Modern Life" Stress (Burnout, Fatigue, Posttraumatic Stress Disorders) .....	49
Stress Tolerance and Personality .....	54
Stress and Mental Hygiene .....	58
Risk Factors, Risk Behaviour, Behavioural Medicine, Health Psychology, Prevention .....	61

## CHAPTER IV.

Stress Management .....	67
Keys to Managing Stress and Stress Experience .....	68
Improving General Physical and Mental Efficiency through Modification in Life-Style .....	80
Influencing Aggression and Hostility .....	81
Giving up Smoking .....	82

Nutritional Policy, Alcohol and Drug Abuse .....	84
Exercise Facilities or Fitness Programmes .....	86
Management of Stress in Top Level Sport .....	87

## CHAPTER V.

Psychological Auto and Heteroregulation .....	95
Autoregulative Methods .....	97
Yoga .....	98
Meditation .....	99
Jacobson's Progressive Relaxation .....	100
Schultz's Autogenic Training .....	102
Relaxation-Activation Method (RAM) .....	104
Instructions for Relaxation-Activation Method .....	114
First Part: Training of Muscular Relaxation .....	114
Second Part: Mental Relaxation .....	115
Third Part: Activation and Introduction to its Practice .....	117
Fourth Part: Activation Training .....	128
Our Experience with Using RAM to Beat Stress and the Effect of RAM on the Performance of Top Level Sportsmen .....	121
Our Experience with the Use of the Relaxation-Activation Method (RAM) on Reduction of Blood Pressure in Essential Hypertonics .....	124

## CHAPTER VI.

Heteroregulation .....	129
Use of Hypnosis in Top Level Sport .....	133
Limitations and Effectiveness of the Use of Hypnosis in Top Level Sport .....	136
The Practical Uses of Hypnosis in Medical Practice .....	137

## CHAPTER VII.

Health Promotion, Preventive Programmes .....	145
How to Begin Health Promotion Activities .....	154
Cardiovascular Risk in Customs Officers: Results of Stress Control Trial .....	155
Summary .....	165
Souhrn .....	166
Bibliography .....	167
Name Index .....	181
Subject Index .....	185
