PREFACE	7
INTRODUCTION	8
1 THEORETICAL REVIEW	9
1.1 Characteristics of age periods 6 – 10	9
1.1.1 Biological development	9
1.1.2 Psychosocial development	12
1.1.3 Motor development	14
1.2 Educational area Health and Movement within ISCED 1	16
1.3 Diagnosis of physical performance	17
2 RESEARCH PURPOSE AND TASKS	19
3 METHODOLOGY	21
3.1 Characteristics of the sample	21
3.2 Organization and conditions of the research	23
3.3 Data collection methods	23
3.4 Methods of data analysis	29
4 RESEARCH RESULTS	32
4.1 General physical performance of pupils in Banská Bystrica	32
4.1.1 Sit and reach	33
4.1.2 Standing long jump	36
4.1.3 Sit-ups in 30 s	39
4.1.4 Flexed arm hang	42
4.1.5 Shuttle run 4 x 10 m	45
4.1.6 Endurance shuttle run	48
4.2 Physical development of pupils in Banská Bystrica	50
4.2.1. Body height	52
4.2.2 Body weight	55
4.2.3 BMI	58
4.3 Correlations between the indicators of general physical performance and the level of physical development of pupils in Banská Bystrica	61
4.4 Comparing the level of general physical performance and the level of physical development of the first grade pupils in Banská Bystrica with previous researches in the Slovak Republic	63
4.5 Identification of assumptions of pupils with outstanding and excellent indicators in the level of general physical performance	66
4.6 Identification of pupils with below average and very weak indicators in the level of general physical performance	67
4.7 After-school physical activities of pupils	68
5 CONCLUSIONS AND RECOMMENDATIONS FOR PRACTICE	71
