Terrorist Threats to Food: Guidance for Establishing and Strengthening Prevention and Response Systems

Contents

Executive Summary 1

1. Introduction 3

1.1 Purpose 3

1.2 Definitions and scope 4

1.3 Food as a vehicle for terrorist acts 4

1.4 Comparative risks of food and other media as vehicles for terrorist threats 6

1.5 Potential effects of food terrorism 6

1.5.1 Illness and death 6
1.5.2 Economic and trade effects 6
1.5.3 Impact on public health services 7
1.5.4 Social and political implications 8

1.6 Chemical and biological agents and radionuclear materials that could be used in food terrorism 8

1.7 Establishing and strengthening national prevention and response systems 8

1.8 Setting priorities 10

2. Prevention 11

2.1 Introduction 11

2.2 Existing systems 11

2.3 Strengthening food safety management programmes 12

2.4 Prevention and response systems in the food industry 13

2.4.1 Role of the food industry 13
2.4.2 Agricultural production and harvesting 14
2.4.3 Processing and manufacture 14
2.4.4 Storage and transport 15
2.4.5 Wholesale and retail distribution 15
2.4.6 Food service 16
2.4.7 Tracing systems and market recalls 16
2.4.8 Monitoring 16

2.5 Reducing access to chemical and biological agents and radionuclear materials 17

2.6 Prevention at points of entry 17

2.7 Useful source material 17

3. Surveillance, Preparedness and Response 19

3.1 Introduction 19

3.2 Surveillance 19

3.2.1 Existing surveillance systems 19
3.2.2 Strengthening existing surveillance systems for food safety 20
3.2.3 Investigation of suspected food safety emergencies 21

3.3 Preparedness 22

3.3.1 Principles 22
3.3.2 Assessing vulnerability 23

3.4 Response 24

3.4.1 Existing emergency response systems 25
3.4.2 Strengthening existing emergency response systems for food safety 25
3.4.3 Consequences of a food safety emergency 26
3.4.4 Communication 28
3.4.5 Launching the response 29

4. The Role of the World Health Organization 30

4.1 International response to food safety emergencies, including food terrorism 30

4.2 The World Health Organization 30

4.3 International Health Regulations (IHR) 31

4.4 Coordination of global outbreak alert and responses 32

4.4.1 Outbreak alert mechanisms 32
4.4.2 Global Outbreak Alert and Response Network 32
4.4.3 Outbreak response 32

4.5 Strengthening international systems to meet the threat of food terrorism 33

4.5.1 Other existing WHO programmes relevant to food emergencies, including food terrorism 33
4.5.2 Other international organizations relevant to food safety 35
4.5.3 Coordination and strengthening of international strategies and activities that address food safety emergencies, including deliberate contamination of food 36

Appendix - Specific Measures for Consideration by the Food Industry 37
