SUPRAMOL

BIOMOL

MATER

STRUCTURE

OPTOEL

Organization Scheme IMC	2
Foreword	3
Supramolecular Systems and Self-association Processes	5
Department of Controlled Polymer Synthesis	6 – 7
Department of Supramolecular Polymer Systems	8 – 9
Biomacromolecular and Bioanalogous Systems	11
Department of Biomedical Polymers	12 – 13
Department of Biomaterials and Bioanalogous Systems	14 – 15
Department of Biological Models	16 – 17
Department of Chemistry and Physics of Surfaces and Biointerfaces	18 – 19
Department of Polymer Particles	20 – 21
Department of Polymer Gels and Networks	22 – 23
Polymer Materials and Technologies	25
Department of Polymer Processing	26 – 27
Department of Morphology and Rheology of Polymer Materials	28 – 29
Department of Nanostructured Polymers and Composites	30 – 31
Structure and Dynamics of Macromolecules	33
Department of NMR Spectroscopy	34 – 35
Department of Vibrational Spectroscopy	36 – 37
Department of X-ray and Neutron Structural Analysis	38 – 39
Polymers for Optoelectronic and Energy Applications	41
Department of Polymer Membranes - Energolab	42 – 43
Department of Conducting Polymers	44 – 45
Department of Polymer Photonics	46 – 47
Department of Optoelectronic Phenomena and Materials	48 – 49
Department of Hybrid and Inorganic Materials for Energy Conversion	50 – 51
Otto Wichterle	
UNESCO/IUPAC Course	52
Prague Macromolecular Meetings	
Makráč Gallery	53
