

CONTENTS

Preface	VII
1. Introduction	1
2. Horizontal and contact forms	4
2.1. Horizontalization of vector fields	4
2.2. Contact forms	5
2.3. Horizontal and contact components	7
3. The variational sequence	16
3.1. The r th order variational sequence	16
3.2. The 1st order variational sequence	20
4. The calculus of variations	45
4.1. Global variational functionals	45
4.2. The Euler-Lagrange mapping	47
5. The structure of the 1st order Euler-Lagrange mapping.....	50
5.1. Transformation formulas	50
5.2. Lagrangians	52
5.3. Euler-Lagrange forms	52
5.4. Helmholtz-Sonin forms	53
5.5. The Euler-Lagrange, and Helmholtz-Sonin mappings	66
5.6. Locally variational 2-forms	76
5.7. Distributions associated with locally variational 2-forms	77
5.8. Global order reducibility	82
References	85
