

CONTENTS

Animals, parasites and zoonoses in different types of urban areas	
B. ROSICKÝ	193
<i>Sarcocystis cernae</i> Levine, 1977, excystation, life-cycle and comparison with other heteroxenous coccidians from rodents and birds	
Ž. ČERNÁ, I. KOLÁŘOVÁ, P. ŠULC	201
Survey of nematodes parasitizing hosts of the genus <i>Tetraogallus</i> Gray, 1834 (Galliformes)	
V. BARUŠ, M. D. SONIN,	211
Five new trematodes of the genus <i>Lecithocladium</i> Lühe, 1901 (Hemiuridae) from marine fishes	
R. CH. GUPTA, S. P. GUPTA,	223
On the biology of the nematode <i>Philometra obturans</i> (Prenant, 1886) in the fishpond system of Mácha Lake, Czechoslovakia	
F. MORAVEC, I. DYKOVÁ	231
Morphological structure of the larval cestode <i>Taenia polyacantha</i> Leuckart, 1856	
J. PROKOPIČ, D. HULÍNSKÁ	241
Comparative study on the histochemistry and the fine structure of the suckers and the rostellum of larvae of <i>Multiceps multiceps</i> Leske, 1780 and <i>Multiceps endoethoracicus</i> Kirschenblatt, 1948	
D. HULÍNSKÁ, L. I. LAVROV, N. A. GUBAYDULIN	247
Results of an artificial feeding of eggs of <i>Taenia saginata</i> Goeze, 1782 to various beetle species	
S. BÍLÝ, J. ŠTĚRBA, I. DYKOVÁ	257
Skin lesion produced by the larva of <i>Cheladonta costulata</i> (Willmann, 1952) (Acarina: Trombiculidae) and the feeding mechanism of this parasite	
J. SCHRAMLOVÁ	261
Short communications	
Approximative molecular weight of the active component in Toxoplasmin	
A. VEPŘEKOVÁ	273
<i>Proteocephalus poulsoni</i> sp. n. (Cestoda: Proteocephalidae) from the Northern cavefish <i>Amblyopsis spelaea</i> DeKay, 1842 (Pisces: Amblyopsidae) of Kentucky	
F. H. WHITTAKER, S. J. ZOBEL	277
Notes on the distribution of marine Cymothoidea (Isopoda, Crustacea) in the Australian-New Zealand Region	
V. V. AVDEEV	281
<i>Splendidofilaria gvozdevi</i> sp. n. (Filariata: Splendidofilariidae) from <i>Alectoris kakelik</i> in Kazakhstan (USSR)	
M. SONIN, V. BARUŠ	285
Notes	200, 207, 210, 222, 255
Book reviews	275, 276
News	230, 271, 283
