

CONTENTS

A. AMOO, O. O. DIPEOLU, The effects of temperature, relative humidity and host factors on the attachment and survival of <i>Boophilus decoloratus</i> and <i>Boophilus geigy</i> larvae to skin slices	83
T. A. BAKKE, Z. ŽDÁRSKÁ, Tegumental microtopography and arrangement of papillae of adult <i>Phyllodistomum folium</i> (Olfers, 1816) (Digenea: Gorgoderidae) from pikes (<i>Esox lucius</i> L.)	43
K. BLAŽEK, J. KURSA, J. SCHRAMLOVÁ, J. PROKOPIČ, Contribution to the symptomatology of experimental bovine cysticercosis	323
K. BLAŽEK, J. SCHRAMLOVÁ, D. HULÍNSKÁ, Pathology of the migration phase of <i>Taenia hydatigena</i> (Pallas, 1766) larvae	127
V. BUKVA, <i>Demodex flagellurus</i> sp. n. (Acari: Demodicidae) from the preputial and clitoral glands of the house mouse, <i>Mus musculus</i> L.	73
V. BUKVA, J. VÍTOVEC, M. VLČEK, <i>Demodex rosus</i> sp. n. and <i>D. buccalis</i> sp. n. (Acari: Demodicidae) parasitizing the upper digestive tract of rodents	151
J. BUŠTA, Scanning electron microscopy of the cercaria, metacercaria and adult of <i>Plagiorchis elegans</i> (Rudolphi, 1802) (Trematoda: Plagiorchidae)	317
V. CHALUPOVÁ, D. ŠOLCOVÁ, Penetration of ovidical fungi through altered egg-shells of <i>Ascaris suum</i>	189
V. ČERNÝ, First case of introduction of the tick <i>Rhipicephalus sanguineus</i> to Czechoslovakia	162
M. DANIEL, V. ALBRECHT, Mites (Acari: Mesostigmata) in the nests of the European suslik (<i>Citellus citellus</i> (L.)) under conditions of long-term field experiment	349
M. DANIEL, P. H. VERCAMMEN-GRANDJEAN, <i>Holubricula toroensis</i> g. n., sp. n. (Acari: Trombiculidae), parasitic on the bat <i>Tadarida condylura</i> in SW Uganda	93
F. DUSBÁBEK, Identity of <i>Argas</i> (<i>Argas</i>) <i>polonicus</i> populations in Czechoslovakia and Poland	163
F. DUSBÁBEK, Biological comparison of different populations of <i>Argas</i> (<i>Persicargas</i>) <i>persicus</i> (Oken)	255
R. ERGENS, M. GELNAR, Experimental verification of the effect of temperature on the size of hard parts of opisthaptor of <i>Gyrodactylus katharineri</i> Malmberg, 1964 (Monogenea)	377
M. GIBODA, Malaria in the province of Takeo, Cambodia	205
M. GIBODA, J. ŠTĚRBA, P. MILÁČEK, O. DITRICH, Histopathological diagnostics of liver amoebiasis in Cambodia	289
G. GRUPCHEVA, I. DYKOVÁ, J. LOM, Seasonal fluctuation in the prevalence of <i>Sphaerospora renicola</i> ad myxosporean blood-stream stages in carp fingerlings in Bulgaria	193
Z. HUBÁLEK, J. MITTERPÁK, J. PROKOPIČ, Z. JUŘICOVÁ, J. KILÍK, A serological survey for Bhanja and tick-borne encephalitis viruses in sheep of eastern Slovakia	279
D. HULÍNSKÁ, V. FIGALOVÁ, B. SHAIKENOV, Effects of low temperatures on larvae of the genus <i>Trichinella</i>	211
D. HULÍNSKÁ, M. GRIM, B. SHAIKENOV, The feeding mechanism of intracellular muscle larvae <i>Trichinella nativa</i> Britov et Boev, 1972 and <i>T. pseudospiralis</i> Garkavi, 1972	61
B. KOUDELA, Purification of cystozoites of <i>Sarcocystis</i> sp. by the chromatographic gel Spheron	295
O. KOŽUCH, J. NOSEK, Replication of tick-borne encephalitis (TBE) virus in ticks <i>Ixodes ricinus</i>	373
G. P. KRASNOSHCHIEKOV, L. T. PLUZHNIKOV, V. D. GULYAEV, Ultrastructure of the larval organ of metacestode <i>Lateriporus geographicus</i> Cooper, 1921 (Cestoda: Dilepididae)	51
K. KUDRNA, J. PROKOPIČ, Chalone-like inhibition of DNA synthesis in helminths	145
K. KUDRNA, J. PROKOPIČ, Chalone-like inhibition of DNA synthesis in <i>Cribidia</i> sp. (Protozoa)	150
M. KURALOVÁ, J. OLEJNÍČEK, Predaceous larvae of caddisflies (Trichoptera) as natural enemies of blackfly larvae (Diptera, Simuliidae) under conditions of South Bohemia	375
L. H. LIM, J. O. FURTADO, <i>Sundanonchus</i> g. n. (Monogenea, Tetraonchoididae) from two Malaysian freshwater fishes	11
Š. LUKEŠ, Changes in the white blood picture during experimental larval ascariasis, toxocariasis and toxascariasis	237
H. LÝSEK, J. MALÍNSKÝ, R. JANISCH, Ultrastructure of eggs of <i>Ascaris lumbricoides</i> Linnaeus, 1758 I. Egg-shells	381
J. K. MACKO, On the problems of morphological, taxonomical and biological species II. Some methods of species determination	1
D. MÁLKOVÁ, J. HOLUBOVÁ, Z. MARHOUL, V. ČERNÝ, M. DANIEL, A. FERNÁNDEZ, J. DE LA CRUZ, M. HERRERA, Virological investigation of soft ticks in Cuba	95
S. MAS-COMA, J. G. ESTEBAN, <i>Tenoranema alcoveri</i> g. n., sp. n. (Trichuridae: Capillariinae),	

a nematode parasitizing <i>Eliomys quercinus</i> (Rodentia: Gliridae)	35
J. MICHÁLEK, First record of <i>Syncauria decorata</i> (Cram, 1927) in <i>Fulica atra</i>	138
P. MLÁČEK, J. VÍTOVEC, Differential staining of cryptosporidia by aniline-carbol-methyl violet and tartrazine in smears from faeces and scraping of intestinal mucosa	50
J. MINÁŘ, V. S. LOBACHEV, M. KIEFER, D. BAZARDORZH, New findings of warble flies (Hypodermatidae, Oestridae) of wild animals in Mongolia	89
F. MORAVEC, Occurrence of endoparasitic helminths in eels (<i>Anguilla anguilla</i> (L.)) from the Mácha Lake fishpond system, Czechoslovakia	113
F. MORAVEC, K. NAGASAWA, S. URAWA, Some fish nematodes from fresh waters in Hokkaido, Japan	305
J. OLEJNÍČEK, V. MAŤHA, J. WEISER, The efficacy of <i>Bacillus thuringiensis</i> var. <i>israelensis</i> against larvae of the blackfly <i>Odagmia ornata</i> (Meig.) (Simuliidae) at low temperatures	271
M. PAVLÁSKOVÁ, Record of <i>Dermocystidium branchiale</i> Leger, 1914 in <i>Salmo trutta</i> M. fario in South Bohemia	293
J. POMYKAL, A case of infestation of humans with fleas <i>Archaeopsylla erinacei</i> (Siphonaptera, Pulicidae)	348
J. PREISLER, <i>Neohaematopinus sciuri</i> Jancke, 1932 — a new louse species from the territory of Czechoslovakia	20
J. PREISLER, Incidence of ear mites <i>Otodectes cynotis</i> on some carnivores in the territory of ČSR	82
J. PROKOPIČ, Forty years of the development of Czechoslovak parasitology	97
J. ŘEHÁČEK, J. VOŠTA, R. BREZINA, P. HANÁK, Rickettsiae in the Šumava region	173
F. SIMON-VICENTE, S. MAS-COMA, R. LOPEZ-ROMAN, F. TENORA, J. GALLEGRO, Review of <i>Notocotylus</i> species (Trematoda: Notocotylidae) parasitizing rodents in Europe	21
F. SIMON-VICENTE, S. MAS-COMA, R. LOPEZ-ROMAN, F. TENORA, J. GALLEGRO, Biology of <i>Notocotylus neyrai</i> Gonzalez Castro, 1945 (Trematoda)	101
J. ŠTĚRBA, M. VLČEK, P. NOLL, F. VOREL, Contribution to the question of relationships between <i>Enterobius vermicularis</i> (L.) and inflammatory processes in the appendix	231
E. STĚNADOVÁ, J. PROKOPIČ, Changes in ascorbic acid content in various organs and serum of mice experimentally infected with <i>Taenia crassiceps</i> (Zeder, 1800) cysticerci	165
L. G. SUVOROVA, Seasonal activity of larvae and nymphs of <i>Ixodes persulcatus</i> P. Sch. in the eastern part of the Russian Plain	265
F. TENORA, H. HENTTONEN, V. HAUKISALMI, New findings of some helminths in rodents from Finland	33
J. VALKOUNOVÁ, Morphology and histochemistry of the cysticeroid of <i>Coronacanthus omissus</i> (Baer et Joyeux, 1943) (Hymenolepididae)	139
J. VALKOUNOVÁ, Morphology and histochemistry of cysticeroids of three cestode species of the genus <i>Tridontolepis</i> Yamaguti, 1959 (Hymenolepididae)	217
J. VALKOUNOVÁ, Morphology and histochemistry of cysticeroids of four cestode species of the family Hymenolepididae Fuhrmann, 1907 from planktonic crustaceans (Copepoda, Ostracoda)	333
A. VINAYAKAM, Distribution of lyo- and desmo-glycogen in relation to growth and maturity of proglottids of <i>Moniezia benedeni</i>	67
J. WEISER, V. MAŤHA, J. GELBIČ, U THAM MUU, A mosquito pathogenic strain of <i>Bacillus thuringiensis</i> isolated from silkworm rearings in Vietnam	284
J. WEISER, Z. ŽIŽKA, A red mosquito iridescent virus in <i>Aedes punctor</i> in Czechoslovakia	285
D. E. WORLEY, F. KOLÁŘ, J. ČORBA, K. CHROUST, B. KOTRLÁ, A preliminary survey for the arterial nematode, <i>Elaeosphora schneideri</i> Wehr et Dikmans, 1935, in Czechoslovakia	372
Z. ŽDÁRSKÁ, V. NAŠINCOVÁ, Histological and histochemical studies on the cercaria and redia of <i>Echinostoma revolutum</i>	341
Z. ŽDÁRSKÁ, V. YA. PANIN, L. G. NESTERENKO, Histochemistry of the slime balls of <i>Dicrocoelium lanceatum</i>	278
Z. ŽDÁRSKÁ, T. N. SOBOLEVA, Electron microscope observations of the sporocyst of <i>Postharmostomum gallinum</i> Witenberg, 1923 (Brachylaimidae)	227
J. ŽENKA, J. PROKOPIČ, Aminopeptidase inhibitor from <i>Ascaris suum</i>	247
