

CONTENTS

Description of <i>Eimeria vejnovskyi</i> sp. n. and redescription of <i>Eimeria media</i> Kessel, 1929 from the rabbit	
M. PAKANDL	
<i>Entamoeba polecki</i> : morphology, immunology, antigen study and clinic of the first infections in Czechoslovakia	
M. GIBODA N. VOKURKOVÁ, P. KOPÁČEK, O. DITRICH, J. GUTVIRTH	1
Multiciliate sensory endings in the redia of <i>Echinostoma revolutum</i> (Trematoda, Echinostomatidae)	
Z. ŽDÁRSKÁ, V. NAŠINCOVÁ, J. VALKOUNOVÁ	1
Two new and three previously described species of the genus <i>Gyrodactylus</i> Nordmann, 1832 from the <i>G. phoxini</i> group (Monogenea: Gyrodactylidae)	
R. ERGENS	2
Transhydrogenase activities in the mitochondria of <i>Taenia crassiceps</i> (Zeder, 1800) cysticerci	
J. ŽENKA, J. PROKOPIČ	3
Levamisole — biological response modifier in <i>Taenia crassiceps</i> — mouse experimental system	
Š. LUKEŠ	3
Data on the morphology of the nematode <i>Spinitectus minor</i> (Stewart, 1914) (Nematoda: Cystidicolidae)	
N. C. DE	4
Three interesting nematodes from the fish <i>Parupencus indicus</i> (Mullidae, Perciformes) of the Indian ocean, including a new species, <i>Ascarophis parupenei</i> sp. n. (Habronematoidea)	
F. MORAVEC, P. ORECCHIA, L. PAGGI	4
