

CONTENTS

Amoebic infections in goldfishes and granulomatous lesions I. Dyková, J. Lom, B. Macháčková, T. K. Sawyer	81 – 90
Early generation merogonies of <i>Sarcocystis muriviperae</i> in liver and muscles of white mice I. Paperna, S. Finkelman	91 – 99
Infection dynamics of <i>Cryptosporidium parvum</i> in ICR outbred suckling mice S. J. Upton, H. H. Gillock	101 – 106
Transmission experiments to determine the relationship between <i>Sphaerospora</i> sp. from Atlantic salmon, <i>Salmo salar</i> , and <i>Sphaerospora truttae</i> : a revised species description for <i>S. truttae</i> J. McGeorge, Ch. Sommerville, R. Wootten	107 – 116
Ultrastructure of the buccal complex of <i>Pricea multae</i> (Monogenea: Polyopisthocotylea, Gastrocotylidae) K. Rohde, N. A. Watson	117 – 132
Tapeworms (Cestoda: Proteocephalidea) of <i>Hoplias malabaricus</i> (Pisces: Characiformes, Erythrinidae) in Paraguay: description of <i>Proteocephalus regoi</i> sp. n., and redescription of <i>Nomimoscolex matogrossensis</i> A. de Chambrier, T. Scholz, C. Vaucher	133 – 140
Cestoda and Acanthocephala of fishes from cenotes (= sinkholes) of Yucatan, Mexico T. Scholz, J. Vargas-Vázquez, F. Moravec, C. Vivas-Rodríguez, E. Mendoza-Franco	141 – 152
Efficacy of a monensin-duokvin combination against <i>Eimeria acervulina</i> in chickens I. Varga, T. Sréter	153 – 155
Effect of Ivermectin on the migration of <i>Baylisascaris transfuga</i> larvae into the brain of mice R. Papini, M. S. Lo Piccolo, L. Casarosa	157 – 158
Notes	
Spreading of introduced monogeneans <i>Pseudodactylogyrus anguillae</i> and <i>P. bini</i> among eel populations in the Czech Republic B. Škorňková, T. Scholz, F. Moravec	155 – 156
Comparative experimental infection of <i>Ixodes ricinus</i> with <i>Dermacentor reticulatus</i> (Acari: Ixodidae) with <i>Borrelia burgdorferi sensu lato</i> L. Mátlová, J. Halouzka, Z. Juřicová, Z. Hubálek	159 – 160
