

CONTENTS

Ectoparasitic species of the genus <i>Trichodina</i> (Ciliophora: Peritrichida) parasiting British freshwater fish W.H. Gaze, R. Wootten	177-190
<i>Unikaryon montanum</i> sp. n. (Protista: Microspora), a new pathogen of the spruce bark beetle, <i>Ips typographus</i> (Coleoptera: Scolytidae) J. Weiser, R. Wegensteiner, Z. Žižka	191-195
<i>In vitro</i> susceptibility studies of Malaysian <i>Plasmodium falciparum</i> isolates and clones against schizontocidal drugs H.H. Ang, K.L.Chan, J.W. Mak	196-198
Life cycle of <i>Ascocotyle (Phagicola) angeloi</i> (Digenea: Heterophyidae) in the Neotropical Region M. Ostrowski de Núñez	199-204
Observations on the seasonal occurrence of two species of transversotrematid Digenea parasitising the sparid fish <i>Acanthopagrus australis</i> in Moreton Bay, eastern Australia F.R. Roubal	205-210
Spermatozoa and spermiogenesis in the monocotylid <i>Heterocotyle capricornensis</i> (Platyhelminthes, Monogenea, Monopisthocotylea), including observations of aberrant folding and fusing of spermatozoa in one individual N.A. Watson, L.A. Chisholm	211-220
<i>Pseudorhabdosynochus capurroi</i> sp. n. (Monogenea: Diplectanidae) from the gills of <i>Mycteroperca bonaci</i> (Pisces: Serranidae) of the Yucatan Peninsula, Mexico V.M. Vidal-Martínez, E.F. Mendoza-Franco	221-224
<i>Echinobothrium megacanthum</i> sp. n. (Cestoda: Diphyllidea) from the eagle ray <i>Myliobatis goodei</i> (Chondrichthyes: Rajoidei) from the Patagonian shelf of Argentina V.A. Ivanov, R.A. Campbell	225-229
Description of a new species of <i>Maritrema</i> (Digenea: Microphallidae) from <i>Larus dominicanus</i> (Aves: Laridae) in Buenos Aires coast, Argentina F.Cremonte, S.R.Martorelli	230-232
Redescription of <i>Rhabdochona anguillae</i> (Nematoda: Rhabdochonidae), a parasite of eel, <i>Anguilla anguilla</i> , in Europe A.M. Saraiva, F. Moravec	233-238
Antigens of the sheep scab mite <i>Psoroptes ovis</i> K.G.I. Jayawardena, A. Heller-Haupt, R.M. Woodland, M.G.R. Varma	239-244
Interaction of virulent and attenuated tick-borne encephalitis virus strains in ticks and a tick cell line J. Kopecký, I. Staňková	245-250
Notes	
Firs record of <i>Maritrema pyrenaica</i> (Digenea: Microphallidae) in Spain (Western Pyrenees) in its intermediate hosts J.C. Casanova, M. Villa, I. Montollu	251-252
Seasonal dynamics of <i>Plehnella coelomica</i> (Trematoda: Sanguinicolidae) in two catfish, <i>Pimelodus albicans</i> and <i>P. maculatus</i> (Pisces: Siluriformes), from La Plata River, Argentina M.F. Avendaño de Mac Intosh, M. Ostrowski de Núñez	253-255
Announcement	220, 238
Obituary	256
