

CONTENTS

Comparative studies on carbohydrates of several myxosporean parasites of fish using lectin histochemical methods P. Muñoz, O. Palenzuela, P. Alvarez-Pellitero, A. Sitjà-Bobadilla	241-247
Description of a new flagellate protist <i>Desmomonas prorhynchi</i> gen. et sp. n. associated with problematical cell masses, parasitic in the turbellarian <i>Prorhynchus</i> sp. (Lecithoepitheliata) J.B. Williams	248-256
Discovery of the life cycle of <i>Sarcocystis lacertae</i> Babudieri, 1932 (Apicomplexa: Sarcocystidae), with a species redescription J. Volf, D. Modrý, B. Koudela, J.R. Šlapeta	257-262
Hemibranch preference by freshwater monogeneans a function of gill area, water current, or both? P.A. Gutiérrez, S.R. Martorelli	263-266
Monogeneans of freshwater fishes from cenotes (sinkholes) of the Yucatan Peninsula, Mexico E.F. Mendoza-Franco, T. Scholz, C. Vivas-Rodríguez, J. Vargas-Vázquez	267-273
<i>Empruhotrema quindecima</i> sp. n. (Monogenea: Monocotylidae) from the nasal fossae of <i>Taeniura lymma</i> (Dasyatididae) from Heron Island and Lizard Island, Great Barrier Reef, Queensland, Australia L.A. Chisholm, I.D. Whittington	274-278
Regional ultrastructural differences of the scolex and neck tegument of <i>Proteocephalus macrocephalus</i> (Eucestoda: Proteocephalidae) Z. Ždárská, J. Nebesářová	279-283
Redescription of <i>Eucoleus schvalovoj</i> (Nematoda: Capillariidae), an oesophageal parasite of the Eurasian otter, <i>Lutra lutra</i> , in Spain J. Torres, J. Miquel, C. Feliu	285-288
Observations on cucullanid nematodes from freshwater fishes in Mexico, including <i>Dichelyne mexicanus</i> sp. n. J.M. Caspeta-Mandujano, F. Moravec, G. Salgado-Maldonado	289-295
Some nematodes and acanthocephalans from exotic ornamental freshwater fishes imported into Germany F. Moravec, J. Wolter, W. Körting	296-310
<i>Hypoechinorhynchus robustus</i> sp. n. from <i>Notolabrus parilus</i> (Labridae) from Western Australia with a discussion on the validity of the Hypoechinorhynchidae (Acanthocephala: Palaeacanthocephala) S. Pichelin	311-315
<i>Trichoecius calomysci</i> sp. n. (Acari: Myocoptidae), a new mite species from Iran A. Bochkov, V. Malikov, M. Arbobi	316-318
<i>Chonopeltis liversedgei</i> sp. n. (Crustacea: Branchiura), parasite of the Western bottlenose <i>Mormyrus lacerda</i> (Mormyridae) from the Okavango Delta, Botswana J.G. Van As, L.L. Van As	319-325
