

FOLIA PARASITOLOGICA

An International Journal for Parasitology

CONTENTS

Volume 50 Number 4 December 2003

Review Article

- Leishmania tropica* (Kinetoplastida: Trypanosomatidae) – a perplexing parasite
R.L. Jacobson 241–250

Research Articles

- Myxobolus buckei* sp. n. (Myxozoa), a new pathogenic parasite from the spinal column of three cyprinid fishes from the United Kingdom
M. Longshaw, P. Frear, S.W. Feist 251–262
- New data on *Myxobolus longisporus* (Myxozoa: Myxobolidae), a gill infecting parasite of carp, *Cyprinus carpio haematopterus*, from Chinese lakes
I. Dyková, I. Fiala, P. Nie 263–268
- Ellipsomyxa gobii* gen. et sp. n. (Myxozoa: Ceratomyxidae) in the common goby *Pomatoschistus microps* (Teleostei: Gobiidae) from Denmark
M. Køie 269–271
- Annulotrematoides bryconi* sp. n. (Monogenea: Dactylogyridae) parasitic on *Brycon cephalus* (Osteichthyes: Characidae) from Brazil
A.M. Cuglianna, N. da Silva Cordeiro, J.L. Luque 272–274
- Ultrastructure of *Archigetes sieboldi* (Cestoda: Caryophyllidea): relationship between progenesis, development and evolution
L.G. Poddubnaya, J.S. Mackiewicz, B.I. Kuperman 275–292
- Neoechinorhynchus (Neoechinorhynchus) zabensis* sp. n. (Acanthocephala: Neoechinorhynchidae) from freshwater fish in northern Iraq
O.M. Amin, S.M.A. Abdullah, F.T. Mhaisen 293–297
- Observations on the metazoan parasites of the Atlantic salmon (*Salmo salar*) after its reintroduction into the Elbe River basin in the Czech Republic
F. Moravec 298–304
- Modulation of human lymphocyte proliferation by salivary gland extracts of ixodid ticks (Acari: Ixodidae): effect of feeding stage and sex
T. Rolníková, M. Kazimírová, M. Buc 305–312
- ### Research Notes
- Ephemera strigata* imagoes are the likely source of a parasitic nematode infection of fish
R. Hirasawa, M. Yuma 313–314
- Path coefficient analysis of correlation between breeding cycles of the common myna *Acridotheres tristis* (Passeriformes: Sturnidae) and its phthirapteran ectoparasites
R. Srivastava, S. Kumar, N. Gupta, S.K. Singh, A.K. Saxena 315–316
- Announcement** 317
- Contents of Volume 50 (2003)** 318–320
