

# FOLIA PARASITOLOGICA

An International Journal for Parasitology

## CONTENTS

Volume 53

Number 2

June 2006

### Research Articles

Virulent and attenuated lines of <i>Leishmania major</i> : DNA karyotypes and differences in metalloproteinase GP63 J. Sádlová, P. Volf, K. Victoir, J.-C. Dujardin, J. Votýpka .....	81–90
New species of <i>Choleoeimeria</i> (Apicomplexa: Eimeriidae) from the veiled chameleon, <i>Chamaeleo calytratus</i> (Sauria: Chamaeleonidae), with taxonomic revision of eimerian coccidia from chameleons M. Sloboda, D. Modrý .....	91–97
Temporal and spatial distribution of glochidial larval stages of European unionid mussels (Mollusca: Unionidae) on host fishes R. Blažek, M. Gelnar .....	98–106
Revision and phylogeny of Rhamnocercinae Monaco, Wood et Mizelle, 1954 (Monogeneoidea: Diplectanidae) M.V. Domingues, W.A. Boeger .....	107–116
<i>Psettarium anthicum</i> sp. n. (Digenea: Sanguinicolidae) from the heart of cobia <i>Rachycentron canadum</i> (Rachycentridae) in the northern Gulf of Mexico S.A. Bullard, R.M. Overstreet .....	117–124
<i>Ophiotaenia bonneti</i> sp. n. (Eucestoda: Proteocephalidea), a parasite of <i>Rana vaillanti</i> (Anura: Ranidae) in Costa Rica A. de Chambrier, S.C. Coquille, D.R. Brooks .....	125–133
<i>Pseudodelphis limnicola</i> sp. n. (Dracunculoidea: Guyanemidae) from the heart of <i>Percichthys trucha</i> (Perciformes: Percichthyidae) in Patagonian Andean lakes (Argentina) N. Brugni, G. Viozzi .....	134–138
Two new species of philometrid nematodes (Nematoda: Philometridae) from the southern flounder <i>Paralichthys lethostigma</i> in the estuaries of South Carolina, USA F. Moravec, I. de Buron .....	139–146
Relationships between the parasitic mite <i>Spinturnix andegavinus</i> (Acari: Spinturnicidae) and its bat host, <i>Myotis daubentonii</i> (Chiroptera: Vespertilionidae): seasonal, sex- and age-related variation in infestation and possible impact of the parasite on the host condition and roosting behaviour R.K. Lučan .....	147–152
Effect of salivary gland extract from <i>Ixodes ricinus</i> ticks on the proliferation of <i>Borrelia burgdorferi</i> sensu stricto <i>in vivo</i> M. Macháčková, M. Oborník, J. Kopecký .....	153–158
<b>Book Review</b> .....	159
<b>Announcement</b> .....	160
