

FOLIA PARASITOLOGICA

An International Journal for Parasitology

CONTENTS

Volume 55 Number 1 March 2008

Research Articles

- Immune response to rabbit coccidiosis: a comparison between infections with *Eimeria flavescens* and *E. intestinalis*
M. Pakandl, L. Hlásková, M. Poplštein, M. Nevečeřalová, T. Vodička, J. Salát, J. Mucksová 1–6
- Haemosporidian infections in captive exotic glossy starling *Lamprolornis chalybaeus* in Hong Kong
I. Paperna, P. Martelli 7–12
- Rodents as intermediate hosts of *Hepatozoon ayorgbor* (Apicomplexa: Adeleina: Hepatozoidae) from the African
ball python, *Python regius*?
M. Sloboda, M. Kamler, J. Bulantová, J. Votýpka, D. Modrý 13–16
- Tapeworms (Cestoda: Proteocephalidea) of firewood catfish *Sorubimichthys planiceps* (Siluriformes: Pimelodidae)
from the Amazon River
A. de Chambrier, T. Scholz 17–28
- Taxonomical study into two new species of *Philometra* (Nematoda: Philometridae) previously identified as
Philometra lateolabracis (Yamaguti, 1935)
K.M.A. Quiazon, T. Yoshinaga, K. Ogawa 29–41
- A standardised terminology of the embryonic envelopes and associated developmental stages of tapeworms
(Platyhelminthes: Cestoda)
D.B. Conn, Z. Świdorski 42–52
- Crustacean-acanthocephalan interaction and host cell-mediated immunity: parasite encapsulation and melanization
B.S. Dezfuli, E. Simoni, L. Duclos, E. Rossetti 53–59
- The genus *Hyalomma* Koch, 1844. IV. Redescription of all parasitic stages of *H. (Euhyalomma) lusitanicum* Koch,
1844 and the adults of *H. (E.) franchinii* Tonelli Rondelli, 1932 (Acari: Ixodidae) with a first description of its
immature stages
D.A. Apanaskevich, M.M. Santos-Silva, I.G. Horak 61–74
- Research Note**
- A diagnostic assay based on variable intergenic region distinguishes between *Leishmania donovani* and *Leishmania*
infantum
E. Chocholová, M. Jirků, J. Lukeš 75–78
- Book Review** 60
- Instructions to Authors** 79–80
