

# FOLIA PARASITOLOGICA

An International Journal for Parasitology

## CONTENTS

Volume 58 Number 3 September 2011

### Research Articles

- Henneguya cynoscioni* sp. n. (Myxosporea: Bivalvulida), an agent of severe cardiac lesions in the spotted seatrout, *Cynoscion nebulosus* (Teleostei: Sciaenidae)  
I. Dyková, I. de Buron, W.A. Roumillat, I. Fiala ..... 169–177
- Descriptions of two new freshwater Neotropical species of *Rhinebothrium* (Cestoda: Rhinebothriidea) from *Potamotrygon motoro* (Chondrichthyes: Potamotrygonidae)  
A. Menoret, V.A. Ivanov ..... 178–186
- Hemipristicola gunterae* gen. n., sp. n. (Cestoda: Tetrphyllidea: Phyllobothriidae) from the snaggletooth shark, *Hemipristis elongata* (Carcharhiniformes: Hemigaleidae), from Moreton Bay, Australia  
S.C. Cutmore, S.M. Theiss, M.B. Bennett, T.H. Cribb ..... 187–196
- Revision of *Khawia* spp. (Cestoda: Caryophyllidea), parasites of cyprinid fish, including a key to their identification and molecular phylogeny  
T. Scholz, J. Brabec, I. Kráľová-Hromadová, M. Oros, E. Bazsalovicsová, A. Ermolenko, V. Hanzelová ..... 197–223
- Two new species of *Rhabdochona* (Nematoda: Rhabdochonidae) from freshwater fishes in Thailand  
F. Moravec, T. Yooyen ..... 224–232
- A new species of *Taeniacanthus* (Copepoda: Taeniacanthidae) parasitic on two pufferfish species, *Marilyna meraukensis* and *M. darwinii* (Teleostei: Tetraodontidae), from Australia  
D. Tang ..... 233–239
- Natural and anthropogenic factors shape metazoan parasite community structure in mummichog (*Fundulus heteroclitus*) from two estuaries in New Brunswick, Canada  
C.A. Blonar, D.J. Marcogliese, C.M. Couillard ..... 240–248
