

FOLIA PARASITOLOGICA

An International Journal for Parasitology

CONTENTS

Volume 59 Number 3 September 2012

Research Articles

- Age-related susceptibility and resistance to nonlethal *Plasmodium yoelii* infection in C57BL/6 mice
Y. Shan, J. Liu, Y.-J. Jiang, H. Shang, D. Jiang, Y.-M. Cao 153–161
- Pomphorhynchidae and Quadrigyridae (Acanthocephala), including a new genus and species (Pallisentinae), from freshwater fishes, Cobitidae and Cyprinodontidae, in Turkey
L.R. Smales, A. Aydogdu, Y. Emre 162–166
- Four additional *Hepatozoon* species (Apicomplexa: Hepatozoidae) from north Florida ratsnakes, genus *Pantherophis*
S.R. Telford, Jr., P.E. Moler, J.F. Butler 167–172
- Ultrastructure of the spermatozoon of the digenean *Lecithocladium excisum* (Rudolphi, 1819) (Hemiuroidea: Hemiuridae), a parasite of marine teleosts in Senegal
P.I. Ndiaye, P.M. Diagne, A. Sène, A.J.S. Bakhoun, J. Miquel 173–178
- Spermiogenesis and spermatozoon ultrastructure of *Hunterella nodulosa* (Cestoda: Caryophyllidea), a monoic parasite of suckers (Catostomidae) in North America
A. Yoneva, C. Levron, M. Oros, M. Orosová, T. Scholz 179–186
- Crenosoma brasiliense* sp. n. (Nematoda: Metastrongyloidea) parasitic in lesser grison, *Galictis cuja* (Molina, 1782) (Carnivora, Mustelidae) from Brazil, with a key to species of *Crenosoma* Molin, 1861
F.M. Vieira, L.C. Muniz-Pereira, S. de Souza Lima, A.H.A. Moraes Neto, P.R. Gonçalves, J.L. Luque 187–194
- New data on the morphology of some Far-Eastern species of *Rhabdochona* (Nematoda: Rhabdochonidae), as revealed by SEM observations
F. Moravec, A.V. Ermolenko, V.V. Besprozvannykh, T. Scholz 195–208
- Description of *Rhabdochona* (*Globochona*) *rasbora* sp. n. (Nematoda: Rhabdochonidae) from the freshwater cyprinid fish *Rasbora paviana* Tirant in southern Thailand
F. Moravec, K. Kamchoo 209–215
- A redescription of *Pseudocharopinus pteromyiae* Raibaut et Essafi, 1979 (Siphonostomatoida: Lernaeopodidae) collected from the South African east coast
S.M. Dippenaar 216–220
- A new species of the rare endoparasitic copepod *Entobius* (Copepoda: Entobiidae) from Mexico with a key to the species of the genus
E. Suárez-Morales, L.F. Carrera-Parra 221–228
- New genus and three new species of quill mites (Acari: Syringophilidae: Picobiinae) parasitising puffbirds (Aves: Piciformes)
M. Skoracki, K. Scibek, B. Sikora 229–236
- Research Note**
- Multilocus genotyping of *Giardia duodenalis* isolates from red deer (*Cervus elaphus*) and roe deer (*Capreolus capreolus*) from Poland
P. Solarczyk, A.C. Majewska, B. Moskwa, W. Cabaj, M. Dabert, P. Nowosad 237–240
