

FOLIA PARASITOLOGICA

An International Journal for Parasitology

CONTENTS

Volume 60 Number 2 May 2013

Review Article

- A synthesis of our current knowledge of philometrid nematodes, a group of increasingly important fish parasites
František Moravec, Isaure de Buron 81–101

Research Note

- Calodium hepaticum* (Nematoda: Capillaridae) in a red fox (*Vulpes vulpes*) in Italy with scanning electron microscopy of the eggs
Fabio Macchioni, Luca Chelucci, Lisa Guardone, Walter Mignone, Maria Cristina Prati,
Marta Magi 102–104

Research Articles

- Gonad-infecting philometrids (Nematoda: Philometridae) including four new species from marine fishes off the eastern coast of India
František Moravec, Jayaraman Manoharan 105–122
- Global assessment of molecularly identified *Anisakis* Dujardin, 1845 (Nematoda: Anisakidae) in their teleost intermediate hosts
Thomas Kuhn, Frank Hailer, Harry W. Palm, Sven Klimpel 123–134
- Pseudocapillaria* (*Pseudocapillaria*) *moravec* sp. n. (Nematoda: Capillariidae) from the stomach of *Gobius paganellus* (Perciformes: Gobiidae) from Vigo estuary (NW Spain)
Raúl Iglesias, Luisa Centeno, Nuria García, José M. García-Estévez 135–140
- Khawia abbottinae* sp. n. (Cestoda: Caryophyllidea) from the false Chinese gudgeon *Abbottina rivularis* (Cyprinidae: Gobiioninae) in China: morphological and molecular data
Bing Wen Xi, Mikuláš Oros, Gui Tang Wang, Tomáš Scholz, Jun Xie 141–148
- A parvicapsulid (Myxozoa) infecting *Sprattus sprattus* and *Clupea harengus* (Clupeidae) in the Northeast Atlantic uses *Hydroides norvegicus* (Serpulidae) as invertebrate host
Marianne Køie, Egil Karlsbakk, Ann-Cathrine Bårdsgjære Einen, Are Nylund 149–154
- Genetic diversity of *Clonorchis sinensis* (Trematoda: Opisthorchiidae) in the Russian southern Far East based on mtDNA *cox1* sequence variation
Yulia V. Tatonova, Galina N. Chelomina, Vladimir V. Besprozvannykh 155–162
- Metacercariae of *Clinostomum schizothoraxi* Kaw, 1950 (Digenea: Clinostomatidae) in *Carassius carassius* (Linnaeus) under different environmental conditions
Humaira Bashir Shah, Abdul R. Yousuf, Mohammad Z. Chishti, Fayaz Ahmad 163–168
- Redescription of cystacanths of *Corynosoma pseudohamanni* Zdzitowiecki, 1984 (Acanthocephala: Polymorphidae) from paratenic fish hosts
Šárka Mašová, Vlastimil Baruš 169–176

Research Note

- Occurrence of *Diplostomum pseudospathaceum* Niewiadomska, 1984 and *D. mergi* Dubois, 1932 (Digenea: Diplostomidae) in Danish freshwater snails: ecological and molecular data
Simon Haarder, Kasper Jørgensen, Per Walter Kania, Alf Skovgaard, Kurt Buchmann 177–180
