

FOLIA PARASITOLOGICA

An International Journal for Parasitology

CONTENTS

Volume 61 Number 1 February 2014

Research Articles

- Morphological and ultrastructural redescription of *Chloromyxum leydigi* Mingazzini, 1890 (Myxozoa: Myxosporea), type species of the genus, infecting the gall bladder of the marine cartilaginous fish *Torpedo marmorata* Risso (Chondrichthyes: Torpedinidae), from the Portuguese Atlantic coast
Sónia Rocha, Graça Casal, Saleh Al-Quraishy, Carlos Azevedo 1–10
- Description of *Sarcocystis lari* sp. n. (Apicomplexa: Sarcocystidae) from the great black-backed gull, *Larus marinus* (Charadriiformes: Laridae), on the basis of cyst morphology and molecular data
Petras Prakas, Liuda Kutkienė, Dalius Butkauskas, Aniolas Sruoga, Mečislovas Žalakevičius 11–17
- A review of the genus *Paramoniezia* Maplestone et Southwell, 1923 (Cestoda: Anoplocephalidae), with a new genus, *Phascolecestus*, from wombats (Marsupialia) and redescriptions of *Moniezia mettami* Baylis, 1934 and *Moniezia phacochoeri* (Baylis, 1927) comb. n. from African warthogs (Artiodactyla)
Ian Beveridge 21–33
- Philometrid nematodes (Philometridae) from marine fishes off the northern coast of Australia, including three new species
František Moravec, Ben K. Diggles 37–54
- A new species of *Comephoronema* (Nematoda: Cystidicolidae) from the squirrelfish *Holocentrus adscensionis* (Beryciformes: Holocentridae) off Brazil
Felipe Bisaggio Pereira, Aldenice de Nazaré Pereira, José Luis Luque 55–62
- Capillostrongyloides morae* sp. n. (Nematoda: Capillariidae) from deep-sea fish (Teleostei, Moridae) in the western Mediterranean Sea
David González-Solís, Maite Carrassón, Ana Pérez-del-Olmo 63–68
- Subulura halli* (Ascaridida: Subuluridae) from the endangered great bustard *Otis tarda* Linnaeus (Aves: Gruiformes) in China
Li-Qiang Du, Zhen Xu, Shun-Cai Li, Liang Li 69–75
- Cryopreservation of roe deer abomasal nematodes for morphological identification
Paola Beraldo, Ernesto Pascotto 76–80
- Host specificity and metamorphosis of the glochidium of the freshwater mussel *Unio tumidiformis* (Bivalvia: Unionidae)
Joaquim Reis, Maria João Collares-Pereira, Rafael Araujo 81–89
- A new species of the feather mite genus *Rhinozachvatkinia* (Acari: Avenzoariidae) from *Calonectris* shearwaters (Procellariiformes: Procellariidae): integrating morphological descriptions with DNA barcode data
Laura M. Stefan, Karen D. McCoy, Sergey Mironov 90–96
- ### Research Note
- The first report of *Toxoplasma gondii* antibodies in free-living European bison (*Bison bonasus bonasus* Linnaeus)
Anna C. Majewska, Anna Werner, Władysław Cabaj, Bożena Moskwa 18–20
- Detection of antibodies to *Neospora caninum* in moose (*Alces alces*): the first report in Europe
Bożena Moskwa, Katarzyna Goździk, Justyna Bień, Aleksandra Kornacka, Aleksandra Cybulska, Katarína Reiterová, Władysław Cabaj 34–36
