2.3 An overview of poetry surveys on the reception of poetry and the effectiveness of teaching methods	22
3 Methodology of the longitudinal intervention study	28
3.1 Research objectives and hypotheses	28
3.2 The research sample.....	29
3.3 Methods and research process.....	31
3.3.1 Quantitative research phase	31
3.3.2 Qualitative research phase	34
4 The results of a longitudinal intervention study in the individual classes	36
4.1 Red Class	39
4.1.1 The results of the quantitative research phase in the Red Class.....	39
4.1.2 Teaching in the experimental Red Class – activities and reflections	45
4.2 Orange Class.....	50
4.2.1 The results of the quantitative research in the Orange Class	50
4.2.2 Teaching in the experimental Orange Class – activities and reflections	57
4.3 Green Class.....	64
4.3.1 The results of the quantitative research in the Green Class	64
4.3.2 Teaching in the experimental Green Class – activities and reflections	69
4.4 The Blue class.....	76
4.4.1 The results of the quantitative research in the Blue Class.....	76
4.4.2 Teaching in the experimental Blue Class – activities and reflections.....	82
4.5 Yellow Class.....	86
4.5.1 The results of the quantitative research in the Yellow Class	86
4.5.2 Teaching in the experimental Yellow Class – activities and reflections	92
5 Overall results of the longitudinal intervention study	97
5.1 Attitude changes in the experimental classes	97
5.2 Attitude change in respondents of experimental classes vs. the characteristics of respondents.....	101

5.3	The overall differences between the results of the experimental and control classes.....	103
5.4	Summary of the results of the longitudinal intervention study and discussion	108
	Conclusion.....	116
	Bibliography	118
	Summary	122
