

5.7.1	Beta distribution.....	69
5.7.2	Chi-Square distribution.....	70
5.7.3	Normal distribution.....	70
5.7.4	Distribution of the data material.....	71
5.7.5	Domain of the data material.....	76
5.7.6	Adjustment of the model calculation due to the determined domain.....	83
5.8	Conducting the mathematical analysis.....	84
5.8.1	Presentation depending on 2 different input variables in a three-dimensional space.....	85
5.8.2	Formation of the partial derivation and visualization of the marginal deviation.....	86
5.8.3	Simulation study.....	91
5.9	Discussion of the mathematical analyses and the hypotheses.....	94
6	Land value development in Germany and the Czech Republic.....	97
7	Practical implementation of the Model.....	101
8	Summary and implications for real estate valuation practice.....	123
9	Sources.....	I
9.1	Literature.....	I
9.2	Internet sources.....	IV
9.3	Software.....	V
10	Appendix.....	I
10.1	Appendix A.....	I
10.2	Appendix B.....	XVI
