

CONTENTS

- 1 Chromosomal differentiation among bisexual European species of *Saga* (Orthoptera: Tettigoniidae: Saginae) detected by both classical and molecular methods — E. WARCHAŁOWSKA-ŚLIWA, B. GRZYWACZ, A. MARYAŃSKA-NADACHOWSKA, T.V. KARAMYŠHEVA, N.B. RUBTSOV & D.P. CHOBANOV
- 11 Loss of genetic diversity through spontaneous colonization in the bog fritillary butterfly, *Procllossiana eunomia* (Lepidoptera: Nymphalidae) in the Czech Republic — G. NĚVE, A. PAVLIČKO & M. KONVIČKA
- 21 Laboratory study of the effects of leek lectin (APA) in transgenic tobacco plants on the development of cotton leafworm *Spodoptera littoralis* (Lepidoptera: Noctuidae) — A. SADEGHI, G. SMAGGHE, E. JURADO-JÁCOME, W.J. PEUMANS & E.J.M. VAN DAMME
- 29 Proteomic analysis of pre-diapause, diapause and post-diapause larvae of the wheat blossom midge, *Sitodiplosis mosellana* (Diptera: Cecidomyiidae) — W.-N. CHENG, X.-L. LI, F. YU, Y.-P. LI, J.-J. LI & J.-X. WU
- 37 Sexual dimorphism in winter survival rate differs little between damselbug species (Heteroptera: Nabidae) — S. ROTH & K. REINHARDT
- 43 Responses of life-history traits of brackish- and freshwater populations of the water strider to NaCl *Aquarius paludum* (Hemiptera: Gerridae) — M. KISHI, T. HARADA & K. FUJISAKI
- 49 Distribution and diversity of *Wolbachia* in different populations of the wheat aphid *Sitobion miscanthi* (Hemiptera: Aphididae) in China — Z. WANG, Z.-R. SHEN, Y. SONG, H.-Y. LIU & Z.-X. LI
- 57 Male flies with yellow balls – New observations on the eversible vesicles on the postabdomen of male *Thaumatomyia notata* (Diptera: Chloropidae) — M. KOTRBA
- 63 Use of volatiles of *Aristolochia chilensis* (Aristolochiaceae) in host searching by fourth-instar larvae and adults of *Battus polydamas archidamas* (Lepidoptera: Papilionidae: Troidini) — C.F. PINTO, A.J. TRONCOSO, A. URZÚA & H.M. NIEMEYER
- 69 Combined effect of environmental factors on distribution of Geometridae (Lepidoptera) in South Korea — S.-W. CHOI & J.-H. CHUN
- 77 Distribution modelling as an approach to the conservation of a threatened alpine endemic butterfly (Lepidoptera: Satyridae) — M. DE GROOT, F. REBEUŠEK, V. GROBELNIK, M. GOVEDIČ, A. ŠALAMUN & R. VEROVNIK
- 85 Seasonal occurrence and local coexistence within scarabaeid dung beetle guilds (Coleoptera: Scarabaeoidea) in Tunisian pasture — F. ERROUISSI, I. LABIDI & S. NOUIRA
- 95 Afromontane *Coelocorynus* (Coleoptera: Scarabaeidae: Cetoniinae): Larval descriptions, biological notes and phylogenetic placement — P. ŠÍPEK, B.D. GILL & V.V. GREBENNIKOV
- 107 A review of the European species of *Phradis* (Hymenoptera: Ichneumonidae: Tersilochinae), with a description of a new species from Spain — A.I. KHALAIM, S. BORDERA & A. RODRÍGUEZ-BERRÍO
- 119 A review of the genus *Zavrelia* (Diptera: Chironomidae) — T. EKREM & E. STUR
- 145 Tackling the “Protoblattoidea problem”: Revision of *Protoblattinopsis stubblefieldi* (Dictyoptera; Late Carboniferous) — O. BÉTHOUX, K.-D. KLASS & J.W. SCHNEIDER
