

CONTENTS

REVIEW

- 281 A review of Fennoscandian arthropods living on and in snow — S. HAGVAR

ARTICLES

- 299 The effect of host plant and isolation on the genetic structure of phytophagous insects: A preliminary study on a bruchid beetle — G. RESTOUX, M. HOSSAERT-MCKEY, B. BENREY & N. ALVAREZ
- 305 Genetic structure and phenotypic diversity of two northern populations of *Cheilosia* aff. *longula* (Diptera: Syrphidae) has implications for evolution and conservation — V. MILANKOV, L. FRANCUSKI, J. LUDOŠKI, G. STÄHLS & A. VUJIĆ
- 317 Kinetic activity of the sex chromosomes of *Mormidea paupercula* (Heteroptera: Pentatomidae) — P.J. REBAGLIATI & L.M. MOLA
- 325 A molecular phylogeny of *Polyommatus* s. str. and *Plebicula* based on mitochondrial COI and nuclear ITS2 sequences (Lepidoptera: Lycaenidae) — M. WIEMERS, B.V. STRADOMSKY & D.I. VODOLAZHISKY
- 337 Relationship between the natural duration of diapause and post-diapause reproduction in the cabbage beetle, *Colaphellus bowringi* (Coleoptera: Chrysomelidae) — X.-T. WEI, Y.-C. ZHOU, H.-J. XIAO, X.-P. WANG, Z.-M. BAO & F.-S. XUE
- 341 Parental age at mating affects reproductive attributes of the aphidophagous ladybird beetle, *Coelophora saucia* (Coleoptera: Coccinellidae) — OMKAR, S.K. SINGH & G. MISHRA
- 349 Predator dependent mimetic complexes: Do passerine birds avoid Central European red-and-black Heteroptera? — K. HOTOVÁ SVÁDOVÁ, A. EXNEROVÁ, M. KOPEČKOVÁ & P. ŠTYS
- 357 *Aproceros leucopoda* (Hymenoptera: Argidae): An East Asian pest of elms (*Ulmus* spp.) invading Europe — S.M. BLANK, H. HARA, J. MIKULÁS, G. CSÓKA, C. CIORNEI, R. CONSTANTINEANU, I. CONSTANTINEANU, L. ROLLER, E. ALTENHOFER, T. HUFLEJT & G. VÉTEK
- 369 Weather factors affecting the male mate-locating tactics of the small copper butterfly (Lepidoptera: Lycaenidae) — J.Y. IDE
- 377 Descriptions of larvae of *Megadytes* (Coleoptera: Dytiscidae: Dytiscinae): The subgenera *Trifurcitus* and *Megadytes* s. str., ground plan of chaetotaxy of the genus and phylogenetic analysis — M.C. MICHAT
- 393 Phylogeny and nomenclature of the box tree moth, *Cydalima perspectalis* (Walker, 1859) comb. n., which was recently introduced into Europe (Lepidoptera: Pyraloidea: Crambidae: Spilomelinae) — R. MALLY & M. NUSS
- 401 Genus-group names of Afrotropical flea beetles (Coleoptera: Chrysomelidae: Alticinae): Annotated catalogue and biogeographical notes — M. BIONDI & P. D'ALESSANDRO
- 425 Systematics and biogeography of the Indo-Malaysian endemic *Neochauliodes sunndaicus* species-group (Megaloptera: Corydalidae) — X. LIU, F. HAYASHI, O.S. FLINT, JR. & D. YANG
- 441 A new species group and five new species of the genus *Pavania* (Acari: Dolichocybidae) associated with insects, with notes on leg chaetotaxy and the distribution of genera — H. HAJIQANBAR & A. KHAUSTOV
- 455 A fossil head of an enicocephalomorphan (Hemiptera: Heteroptera) from England revisited: Identity of the first fossil species of Enicocephalidae from Europe — P. ŠTYS

NOTE

- 461 A comparison of the amino acid profiles of the pea aphid, *Acyrtosiphon pisum*, and the social aphid species, *Pemphigus spyrothecae* (Hemiptera: Aphididae) — N. PIKE
