

Table of Contents

Preface	1
Chapter 1: Introduction	7
Moodle's Rationale	7
Moodle Overview	9
The Moodle Model	9
The Moodle Development Model	10
The Moodle Business Model	10
Moodle Usage	11
VLE Administration	13
VLE Job Functions	13
Obligations and Skill Sets of a VLE Administrator	14
Moodle Administration	15
Summary	15
Chapter 2: Moodle Installation	17
Moodle Installation: An Overview	17
What is the Best Setup for Me?	17
Moodle Prerequisites	19
Hardware Requirements	19
Software Requirements	20
Installation in a LAMP Environment	20
Downloading Moodle	21
Creating the Moodle Database and the Data Directory	23
Using a Hosted Server	23
Using the Command Line	24
Creating the Moodle Data Directory	25
Running the Installer Script	26
Finalizing the Installation	33
Setting up the Cron Process	34
Installation in a Windows Environment	35

Installation in a Mac OS X Environment	37
Updating Moodle	39
Manual Update	40
Creating a Backup	41
Creating New Moodle System	42
Running the Update Script	42
Update via CVS	45
Summary	46
Chapter 3: The Moodle System	47
Moodle Architecture	47
The LAMP Architecture	48
The Moodle Layer	49
Code and Data Locations	50
Finding Your Way Around in Moodle	52
Breadcrumbs	52
Administrator Search Facility	53
Moodle Bookmarks	53
Moodle Docs and Help	54
File Management	55
Moodle File Management Interface	56
Web Host File Management	58
File Management via FTP	58
File Management via WebDAV	59
WebDAV Prerequisites	59
Setting up WebDAV	59
Using WebDAV from Windows	61
Summary	64
Chapter 4: Course Management	65
Course Categories	65
Course Categories Overview	66
Managing Course Categories	67
Adding Course Categories	68
Course Sub-Categories	68
Deleting Course Categories	69
Organizing Courses	69
Creating Courses	71
Meta Courses—Sharing Enrolment across Courses	75
Course Requests—Enabling Teachers to Ask for New Courses	76
Forms of Enrolment	78
Internal Enrolment	79
Database-driven Enrolment	80
LDAP	80

External Database	82
Flat File	84
IMS Enterprise File	85
Enrolment with Payment	86
PayPal	87
Authorize.net Payment Gateway	87
Summary	88
Chapter 5: User Management	89
Authentication Versus Enrolment	89
User Profiles	90
Profile Fields	90
Category "General"	91
Category "Picture of"	94
Category "Interests"	96
Category "Optional"	96
Creating User-Defined Profile Fields	97
Profile Categories	98
Profile Fields	98
Standard User Actions	103
Browsing Users	103
Filtering Users	104
Bulk User Actions	108
Manual Accounts	110
Adding Individual Users	110
Bulk-Uploading of Users and Their Pictures	110
Text File Format	111
Uploading Users	115
Setting Default Values and Templates	117
Loading of Data	119
Uploading User Pictures	120
Self-Registration	121
User Authentication	122
Common Authentication Settings	122
Manual Account Settings	124
Self-Registration Settings	125
LDAP Server Settings	126
LDAP Server and Bind Settings	126
User Lookup Settings	127
Password-Related Settings	128
Miscellaneous LDAP Settings	129
Data Field Mappings	130
External Database Settings	130
Connection Settings	131
Data Field Mappings	132
Other Authentication Mechanisms	133

External Moodle Authentication Methods	133
Internal Moodle Authentication Methods	134
Username—Best Practices	135
Summary	137
Chapter 6: Roles and Permissions	139
Moodle's PreDefined Roles	139
Contexts	140
Assignment of Roles	142
Time for some action: Assigning Roles	142
Hiding Role Assignments	144
Time-Limited Role Assignments	144
System Context	145
Course Category Context	146
Course Context	147
Module Context	147
Block Context	148
User Context	149
Front Page Context	150
Multiple Roles	151
Capabilities and Permissions	151
Role Definitions	152
Resolving Permission Conflicts	154
Permission Risks	155
Modifying Roles	156
Overriding Roles	157
Creating Custom Roles	159
Example Roles	159
Parent or Mentor Role	160
Testing New Roles	162
Roles Management	162
Allowing Roles Assignments and Overrides	163
Assignment of Default Roles	164
Assigning Front Page Roles	165
Roles—Best Practice	165
Summary	166
Chapter 7: Moodle: Look and Feel	167
Look and Feel: An Overview	167
Customizing Your Front Page	169
Front Page Settings	170
Arranging Front Page Blocks	172
Login From a Different Website	173
Other Front Page Items	174

Front Page Roles	174
Front Page Backup and Restore	174
Front Page Questions	174
Site Files	175
Allow Personalization via My Moodle	175
Making Blocks Sticky	176
Moodle Themes	176
Selecting a Moodle Theme	177
Theme Types	178
Theme Settings	180
Creating Your Own Theme	181
Theme Creation Basics	181
Moodle Theme Styles	184
Theme Design and Development	184
Look and Feel: Good Practice	188
Consistency	189
Supporting Different Browsers	189
Guaranteeing Accessibility	189
Summary	190
Chapter 8: Moodle Configuration	191
<hr/>	
Accessibility	192
Accessibility Supported by the Moodle Editor	192
Screen Reader Support	193
Localization	194
Languages	194
Language Packs	194
Language Settings	196
Language Editing	198
Calendaric Information	201
Calendars	201
Time Zones	202
Module Configuration	203
Configuration of Activities	203
Configuration of Blocks	205
Configuration of Filters	207
Grades and Gradebook Settings	208
Miscellaneous Settings	210
Editing Options	210
Tags	213
Experimental	214
Summary	215

Chapter 9: Monitoring User Activity	217
Monitoring Overview	217
Reporting	218
Live Logs	221
Error Reports	222
Exporting of Logs	222
Tracking	223
Statistics	225
Statistics Settings	226
Statistics View	228
Web Log Analyzers	229
Google Analytics	229
Privacy and Data Protection Issues	231
Summary	231
Chapter 10: Moodle Security	233
Security Overview	233
Security Notifications	234
User Security	236
Access to Moodle	236
Self-Registration	236
Guest Access	236
Protection of User Details	236
Course Managers	238
Moodle Passwords	238
Security in Roles	239
Role Definitions	239
Default Roles	240
Data and Content Security	240
Content Created Within Moodle	240
Visibility of Content	241
Site Policy	242
Antivirus	243
System Security	244
Configuration Security	244
Accessibility of Dataroot	244
Cron Process	244
HTTP Security	245
Module Security	246
Summary	247
Chapter 11: Moodle Performance and Optimization	249
Performance and Optimization Overview	250
Moodle Content	251

Content Creation	251
Content Volume	251
Content Types	252
Moodle System Settings	253
Path Settings	253
Caching Settings	254
Module Settings	255
Gradebook Optimization	256
Chat Optimization	256
Forums	258
Miscellaneous Settings	258
Language-Related Settings	258
Large Log files	258
Filter Settings	259
Search Settings	260
Course Backups	260
Cron Optimization	260
Roles	261
Moodle Performance Profiling and Monitoring	261
Summary	262
Chapter 12: Backup and Restore	263
 Course-Level Backup and Restore	263
Course Backup	264
Backup Options	264
Content-Only versus Full-Course Backups	266
Finalizing Backup	267
Course Restore	268
Course Import	271
 Site-Level Backups	273
Backup Settings	273
Backup Strategy	274
Drawbacks of Site-Level Backups	275
 System-Level Backups	276
Moodle Backup	276
Moodle Software	276
Moodle Data	276
Snapshot Creation	277
 Summary	278
Chapter 13: Installing Third-Party Add-Ons	279
Third-Party Software: An Overview	279
Good Add-Ons and Bad Add-Ons	281
Popular Add-Ons	283
Installing Third-Party Add-Ons	284

Installing the Feedback Module	285
Installing Other Add-Ons	287
Uninstalling Third-Party Add-Ons	288
Summary	288
Chapter 14: Moodle Networking	289
Networking Overview	290
Networking Prerequisites and Security	292
Required PHP Extensions	292
Networking Security	292
Peer-To-Peer Networks	294
Adding a Peer	294
Peer Services	295
Peer Themes	297
Peer Logs	297
Network Authentication	298
Allow Roaming	299
Network Server Block	299
Network Enrolment	300
Networking Enrolment Plug-In	301
Network Enrolment Service	301
Community Hubs	302
Mahara Integration	303
Mahoodle!	303
Mahara Networking	304
Adding Mahara to Moodle	306
Summary	307
Appendix A: Moodle Health Check	309
Moodle Health Check: Performance	310
Moodle Health Check: Security	315
Functionality	321
Core Functionality	321
Accessibility	325
System	326
Operating System	327
Database	327
PHP	330
Web Server	331

Appendix B: Configuration Settings Reference	335
Configuration Reference: An Overview	335
Configuration Reference: Administration Settings	336
Configuration Reference: System Settings	338
Compulsory Parameters	338
Optional Parameters	339
Configuration Reference: Theme Settings	343
Index	347
