Table of Contents

Preface 1

Chapter 1: What's New in Moodle 2 7

Why read this book? 8
Looks cleaner, moves faster 9
A new way of managing your content 11
More places to have your say 12
Existing activities updated and improved 13
Control your students' progress 15
Improved admin 17
How do we get Moodle 2.0? 18
What you need for Moodle 2.0 19
Installing Moodle 2.0 for the first time 19
Upgrading to Moodle 2.0 19
Potential problems with upgrading 20
Summary 20

Chapter 2: Finding our way around (Navigation and Blocks) 21

Meet the cast 21
Emma 22
Martin 22
Stuart 22
Andy 22
What does Moodle 2.0 look like? 22
What do users who are logged in see? 24
Home/My home 25
Site pages 26
My profile 26
My courses 28
The Settings block 28
Navigating around a course 29

Named topic sections 30
What does a student see? 32
Configuring the navigation block 32
The Navigation bar (*breadcrumb trail*) 33
The course administration block 34
What admin sees 35
Managing blocks 35
Making a block sticky throughout our Moodle 36
Adding a block to a course category page 40
Adding a block to courses in one category 43
Teachers managing blocks in courses 44
Hiding blocks 46
Moving blocks 47
Summary 48

Chapter 3: Editing Text and Managing Files 49

Typing and editing text in Moodle 2.0 49
Embedding multimedia in the HTML editor 52
Managing files 55
Uploading through the HTML editor 56
Where's our file on the front page? 58
Reusing a file in another course 61
Uploading a file from the Resource menu 62
Where's our file in the course? 64
Follow the path! 65
What about "Course files"? 66
What about FTP? 67
Importing an image from Flickr 67
Using images from other Flickr users 70
Private files – personal storage space 71
Sending work out of Moodle with the Portfolio API 73
Exporting an assignment 74
Exporting a forum post 75
Summary 75

Chapter 4: What's new in Add a Resource 77

New look – new wording 77
Adding a file 78
Displaying a file 81
Resource administration 82
Adding a folder 84
Uploading a folder to Moodle 85

Adding an IMS content package 87
Inserting a label 88
So what's new? Other options for our label 89
Page 91
Adding a page 91
URL 92
Adding a link to a website with URL 92
Summary 94
Chapter 5: What's new in Add an Activity 95
Spot the difference... 95
What's hiding? 96
What's changed? 96
Making a Moodle 2.0 quiz 96
Where do we go from here? 98
Creating questions for our quiz 98
Click Add a question 98
Add question details 100
Adding more questions 100
Ordering and displaying the quiz questions 101
What does the student see? 102
Making sure our students don't submit before they've answered all the questions 103
The teacher's perspective 104
Making more quizzes 104
Sharing questions between courses 105
Quiz reports 106
Recap on the Quiz 106
Making a Moodle 2.0 Wiki 106
Adding new pages 108
What's new in the tabs 109
View 110
Edit 110
Comments 110
History 111
Map 112
Recap on the wiki 112
What's new in the Workshop 112
The set-up phase 113
Workshop features 113
Grading settings 114
Submission and assessment settings 114
When and who? 115

The submission phase 117
How does the student submit their work? 118
Who assesses what? 118
The assessment phase 121
How do students assess each others' work? 121
What the teacher sees 122
Weighting the assessments 123
The grading evaluation phase 123
Teacher control 124
A glance in the gradebook 127
Where's the League table? 128
Recap on the workshop 128
Downloading assignments 128
A new forum type 129
Standard forum displayed in a blog-like format 130
Neater display of SCORM packages 131
Summary 133

Chapter 6: Managing the Learning Path 135

Why would we want to do this? 135
What admin needs to do 136
What the course teacher needs to do 137
Setting up the tasks 138
Setting up the introductory webpage 139
Restricting when students see a resource: 1 139
No restrictions 140
Restricting when students see a resource: 2 141
Activity completion condition: Require view 141
Setting up the forum 142
Restricting when students see a resource: 3 144
Activity completion condition: Require post 144
Setting up the quiz 145
Restricting when students see a resource: 4 148
Activity completion condition: Require grade 148
Setting a pass or fail grade condition 149
Setting up the Lesson 150
How can students track their progress? 153
The completion tracking options 153
What does a student see? 154
Differentiating with conditional activities 156
Differentiating with a grade condition 157
Differentiating with a forum post 159

Marking a course as "Complete" **161**
Course Completion in Practice: Example 1 **164**
What does a student see? How can they self-complete? 165
Course Completion in Practice: Example 2 **167**
What does a teacher see? 168
What does a student see? 169
Summary **170**
Chapter 7: Having your say **171**
Blogs—before and after **171**
Where's my blog? **172**
The Blog Menu block **173**
The Recent Blog Entries block **175**
Course specific blogs **175**
The blog tags block **176**
Blog settings **176**
Preferences 176
External blogs 177
Register an external blog 178
Admin issues **180**
Commenting on blogs **180**
Getting a dialog going 181
Deleting comments in a blog 182
Recap—the blog in Moodle 2.0 **182**
Using the Comments block **182**
Deleting comments on the course page 184
Why comment on the course page? **184**
Students comment on the usefulness of a resource **185**
Teachers comment in private (1) **186**
What admin needs to do 186
What the teacher needs to do 187
Teachers comment in private (2) **190**
Moderating grades with a Comments block 190
Students hold a dialogue during a workshop or Wiki **191**
Recap—the Comments block in Moodle 2.0 **192**
Moodle messaging **192**
What does admin need to do? 192
Where are my message options? 192
What does admin see? 193
What does a teacher or student see? 195

How do messages display? **195**
Giving feedback **196**
Why anonymous? 196
Adding a new feedback 197
Giving feedback **201**
Summary **202**
Chapter 8: Admin Issues **203**
The navigation block **203**
The Settings block **205**
Changes in Site administration 207
Notifications/Registrations 207
Community hubs 207
Advanced features 208
Completion tracking 209
Progress tracked roles 209
Enable conditional availability 209
What's new in Users **209**
Authentication 209
Bulk User Actions 209
Cohorts 210
Permissions 211
User Policies 211
Site administrators 212
Define roles 212
Assign system roles 213
Check system permissions 214
Capability reports 214
What's new in Courses **218**
What's new in Grades **218**
What's new in Location **218**
What's new in Plugins **219**
Activity modules 219
Blocks 219
Authentication 219
Enrolments 220
Manage enrol plugins 220
Text editors 222
License 222
Filters 223
Portfolios 223

Repositories 224
Repository example 1: Flickr 224
Repository example 2: File System—an FTP workaround 225
Repository example 3: Webdav—another FTP workaround 227
Webservices 228
Question types 229
Local plugins 230
What's new in security 230
IP blocker 230
Site policies 230
What's new in appearance 231
Themes 231
Theme settings 231
Individual theme settings pages 231
Blog 233
Navigation 233
Default MyMoodle page 234
Default profile page 234
Course Contacts 234
Ajax and JavaScript 235
What's new in Front page 235
Front page settings 235
Users 235
Groups 235
Permissions 235
Front page roles 236
Front page filters 236
Front Page backup/restore 236
Where are site files? 237
What's new in server 237
What's new in networking 237
What's new in reports 237
Comments 238
Config changes 238
Question instances 239
Development 239
Experimental 239
Web service test client 240
Purge all caches 240
Moodle network test client 241
Functional database tests 241

Changes in Course administration **241**
How to enrol students into a course—the Users link 242
How to back up a course—the Backup link 245
How to restore a course—the Restore link 247
How to share a course – the Publish link 247
Repositories 248
Where are the course files? 248
Summary **248**
Index **249**
