

CONTENTS

PREFACE AND ACKNOWLEDGEMENTS	7
LIST OF ABBREVIATIONS	10
INTRODUCTION	11
1 HISTORY OF CHEST DRAINAGE	13
2 ANATOMY OF THE CHEST	16
2.1 Thoracic cage	16
2.2 Thoracic wall	21
2.3 Projection of organs and vessels onto the chest wall	27
3 INDICATIONS AND CONTRAINDICATIONS FOR CHEST DRAINAGE	29
3.1 Overview of chest drainage indications	29
3.2 contraindications to chest drainage	53
4 TYPES OF CHEST DRAINAGE	54
4.1 Basic chest drainage methods	54
5 PREPARATION OF THE PATIENT FOR CHEST DRAINAGE	76
5.1 Medical history	76
5.2 Objective examination	77
5.3 Evaluation of radiology documentation	78
5.4 Additional examinations	78
5.5 Laboratory examination	83
5.6 Consideration of the indications, timing and type of chest drainage. preparation of the patient prior to chest drainage	83
5.7 Interview with the patient	95
5.8 Informed consent	95
6 TECHNICAL ASPECTS OF CHEST DRAINAGE: STEP BY STEP	96
6.1 Staff	96
6.2 Chest drainage equipment	96
6.3 What chest tube diameter should be selected?	98

6.4	Chest tube insertion procedure	100
6.5	Patient instructions	112
7	CHEST TUBE MAINTENANCE AND REMOVAL	114
7.1	General principles of chest tube maintenance	114
7.2	Chest tube removal	140
8	ROLE OF THE NURSE IN THE CARE OF PATIENTS REQUIRING CHEST DRAINAGE	142
8.1	Requisite knowledge	142
8.2	Scope of the nurse's work	143
9	SPECIAL SITUATIONS AND SPECIFIC TASKS DURING CHEST DRAINAGE . .	147
9.1	Multiple chest drains	147
9.2	Intrapleural application of fibrinolytics	155
9.3	Pleurodesis	164
9.4	Autohemopleurodesis	175
9.5	Long-term chest drainage	185
9.6	Antibiotic filling of the pleural cavity	191
9.7	Drainage of the postpneumonectomy space	196
10	CHEST DRAINAGE COMPLICATIONS	201
10.1	Technical complications	201
10.2	Patient-associated complications	204
10.3	Complications associated with the medical and attending staff . .	207
11	MISTAKES AND ERRORS IN CHEST DRAINAGE INDICATIONS AND TECHNIQUE.	210
11.1	Mistakes and errors when indicating chest drainage	210
11.2	Mistakes and errors in technical aspects of chest drainage	211
11.3	Mistakes and errors in drainage system settings	213
11.4	Mistakes and errors in chest tube maintenance	214
	AUTHOR PROFILES	216
	INDEX.	221
