

Contents

Preface	vii
Acknowledgments	ix
PART ONE Basic issues	
Introduction	3
1 The learning part	5
The learning process	5
Learners' aims	8
Learners' expectations	9
The eclectic approach	10
2 The language part	12
Linguistic analysis	13
Rules and explanations	14
Communicative competence	17
3 The analysis part	21
The inevitable numbers	21
The research question	25
Further reading	28
PART TWO What learners need to know	
Introduction	31
Analysis in terms of communicative competence	34
Analysis from the 'inside' perspective	35
Analysis of needs at four levels of generality	36
4 Global needs analysis	40
A welfare case	41
An agricultural case	42
An engineering case	45
Involving the learners	45
5 Grammatical–rhetorical needs analysis	48
1 Form and function in native speaker performance	48
For special purposes: written language	48
For special purposes: spoken language	50
2 Inherent variability in native speaker performance	53
Eyewitness accounts	54
Native speakers aren't perfect	58

6	Review of techniques	61
	Further reading	63
PART THREE What learners do and do not know		
	Introduction	67
7	Grammatical competence	69
	1 Investigating grammatical competence	69
	Stating the rules	69
	Discrete-point and integrative measures	71
	Grammaticality judgments and making corrections	73
	2 Variability in learner language	76
	Degrees of accuracy	77
	The influence of cohesion and communicative pressure	81
8	Sociolinguistic competence	88
	'What would you say if ...'	88
	On teaching speech acts	89
	1 Investigating learners' sociolinguistic skills	93
	Taking turns	93
	Have we got the right script?	95
	2 An alternative approach	97
	Fostering interactive learning	98
	The four components	99
	Frameworks for reflection	100
9	Strategic competence	103
	1 Using a task-based methodology	104
	'The three legs'	105
	'The arm of the chair is ... when you use for to write'	107
	2 Communication strategies	109
	3 Fostering strategic competence	113
	Classroom activities	115
	Identifying the essential structure	117
	Maintaining a balance	118
10	Some methodological issues in investigating learner language	121
	The addressee	121
	The topic	123
	The task	124
	The data analysis	126
	Further reading	129
PART FOUR Getting the learners' views		
	Introduction	133
	Questionnaires	134
	Diaries, observations, and interviews	137

11	The confidence factor	139
	Very confident wrong answering	141
	Individual self-monitoring ability	143
	Accuracy and self-monitoring	145
12	The perception of improvement	146
	Measuring change over time	149
	What improves when accuracy doesn't?	151
	Conclusion and speculations	152
	Further reading	154
	Bibliography	155
	Appendices	
1	Informal needs assessment	169
2	Supermarket story	173
3	Grammaticality judgment exercise (relative clauses)	175
4	Tape-recording interaction by learners	176
5	Description tasks	181
6	Assembly tasks	186
7	Narrative tasks	190
8	Communication strategy classwork	194
9	Exercises used for self-monitoring study	197
	Index	203

Index

- acceptability judgment 73
accidental sampling 23
accuracy 82, 84–6, 141–3, 145, 150–1
achievement tests 9, 68, 81
acquisition 6
action research 27
addressee 121–3
Adjémian 73, 129, 155
affective domain 133
affective filter 139
affective variables 133, 141, 154
agriculture students 42–4
aims 8–9, 33, 61
Alderson 36, 155
Allwright 100, 155
anxiety 133, 137
apology 68, 88, 129
approximation 111, 112, 113, 116
Arabic 79–80
Arthur 74, 155
articles 76–7, 79, 81–2, 84–7
astrophysics journals 50
attention to form 78–86
attitude 34, 133–6, 154
Audiolingual 5, 91
automatic 6
avoidance 126–7

back channel commentary 94–5
Bailey 137, 155
Baker 73, 155
Bangalore project 102
baseline data 60, 72, 89, 123, 127
Bauman and Sherzer 88, 155
Beebe 78, 139, 155
Bell 121, 123, 155
Beretta and Davies 102, 155
Blum-Kulka and Olshain 107, 155
Bodman and Eisenstein 89, 155
Brooks 146, 156
Brown, G. *et al.* 55, 103, 116, 156
Brown, G. and Yule 100, 103, 116, 117, 124, 127, 156
Brown, H. 139, 156
Brumfit 27, 102, 156
Burkhalter 50–51, 156
business meetings 52
Butler 24, 156

Canale and Swain 17, 34, 67, 156
Carter 112, 156
categorical rules 13–17, 28, 91
Chaudron 74, 156, 157

China 54
Chinese 6, 94
Chomsky 12, 73, 157
circumlocution 111, 112, 113, 116
cloze test 60, 72, 77
Cohen and Robbins 70, 157
Cohen and Hosenfeld 134, 157
cohesion 81–6, 95
cohesive ties 84–5, 95
communication strategies 19, 68, 103–20, 130, 194–6
communicative acts 110, 114, 116, 120
communicative behavior 33–5, 38, 53, 123
communicative competence 17–19, 28, 34–5, 67–8
communicative effectiveness 7, 103, 105, 124
communicative function 18, 146
communicative pressure 81–6
communicative syllabus 36, 41, 67, 114
communicative task 77, 110, 125
compromise 9–10
confidence 107, 139–45
confidence rating 140–2, 152
construct validity 23
convergence 101, 121–2
conversation 88, 93–5
Cooray 32, 157
Corder 73, 129, 157
core vocabulary 112, 116
corrections 74–5, 86
Counseling-learning 5
Cronbach and Meehl 23, 157
cultural constraints 54, 111
culture 94–5, 96–7

data analysis 126–8
de Beaugrande 147, 157
deductive learning 5
diagnostic test 72, 77
dialogue reading 78, 86
diaries 137
Dickerson 78, 157
dictation 72
Di Pietro 102, 157
direct object pronoun 79–82, 84–6, 127
discourse function 85–6
discourse mode 117, 124–5
discrete-point measures 71, 77, 86, 129
divergence 101, 121–2
doctor-patient interviews 93, 95–7
Donatus 69
drills 18, 91

- Dubin and Olshtain 33, 157
 Dulay and Burt 146, 157
 eclecticism 10–11, 28
 EFL 52, 72, 99
 Eisenstein and Bodman 89, 157
 elicitation procedure 25, 60, 87, 98–9, 125–6
 elicited imitation 78–9, 86
 ellipsis 78
 engineering students 45
 errors 16, 74–5, 146–7
 essential structure 117, 127
 ethnographers 17, 88, 98
 exceptions 14
 expectations 9–10
 explanation 14–17, 92
 false confidence 143
 Felix 123, 158
 fill-in-the-blank 71, 72, 86
 focus 25–6
 foreign language learning 35, 70, 102
 formal 92, 96
 formal accuracy 7, 119, 124, 128
 fossilization 7, 28, 146
 free speech 78–9, 86
 Freire 46, 158
 French 68, 134
 function 14, 38, 49, 51, 52, 89
 functional 14, 17, 53, 92
 Gaies 23, 158
 Gardner and Lambert 134–5, 158
 generative grammar 12, 73
 George 32, 158
 German 38, 41
 Gide 31, 32
 Giles 88, 121, 158
 global level 37, 40–7
 grammar 14, 17, 28, 69, 142
 Grammar-Translation 133
 grammatical accuracy 7, 43, 70, 77, 79–81, 121–2
 grammatical competence 17, 34, 67–87
 grammatical level 37–8, 48
 grammaticality judgments 60, 73–6, 79–81, 86, 119, 124, 129, 175
 grammatical-rhetorical level 37–8, 48–53
 group membership 88, 101
 group work 20
 guessing 152
 Gundel and Tarone 127, 158
 Hanges 46, 158, 169–72
 Hatch 141, 158
 Hatch and Farhady 24, 158
 hearing-impaired 140
 Heath 47, 98, 158
 Heaton 71, 159
 Higgs and Clifford 7, 118, 146, 159
 higher-order skills 44–5
 Hong Kong 52
 Huebner 127, 159
 Hutchinson and Waters 35, 159
 improvement 146–52
 Index 144–5, 152
 indirect speech 15
 induced error 16, 28
 inductive learning 5, 114
 information gap 43, 104, 124
 information transfer 37, 86, 103, 109–13
 in-group 123
 initial strategies 115–16
 instructional task 103, 116, 125
 instructions 125
 instrumental orientation 134–5
 integrative orientation 134–5
 integrative tests 71, 77, 86, 129
 interaction 19, 40, 61, 86, 88, 92, 95, 97–9, 111, 121, 130, 176–9
 interactive learning 98–102, 114
 interlanguage 73–6, 78, 95, 129
 interlocutor 19
 interpretive strategy 118
 interviews 40, 45, 80, 99, 137–8, 176–7
 Jacobson 45, 159
