

## Contents:

<i>Ritschelová I.</i> , Book of Proceedings Preface .....	5
<i>Seják J.</i> , Conference Press Release.....	6
<i>Socher M.</i> , Flood Risk Management in the Elbe River Basin (ERB) – Transposition of a New European Approach .....	9
<i>Wechsung F.</i> , Models and Strategies for a Sustainable River Basin Management .....	15
<i>Brázdil R.</i> , Millennium History of Floods in the Czech ERB .....	19
<i>Damohorský M.</i> , Climate Change and the Czech Environmental Legislation .....	24
<i>Šrám R. et al.</i> , New Knowledge About the Impact of Air Pollution to Human Health – the Northern Bohemia Experience.....	26
<i>Gerstengarbe F. W.</i> , Climate Changes – Global and Regional.....	32
<i>Hartje V. et al.</i> , Water Related Socio-economic Changes in the ERB .....	38
<i>Huth R. et al.</i> , Research on Climate Change and Its Impacts in the Institute of Atmospheric Physics ....	41
<i>Seják J.</i> , Global Warming and Regional Anthropogenic Impacts in the Czech ERB .....	45
<i>Pokorný J. et al.</i> , Strategy of Restoring the Short Water Cycles in the Czech ERB.....	48
<i>Petržilek P.</i> , Water Shortage and Dryness in the Czech Republic .....	56
<i>Kaden S. et al.</i> , Water Availability Under Global Change .....	60
<i>Hansjürgens B et al.</i> , Vulnerability of Surface Water Users.....	66
<i>Dubicki A., Szalinska W. et al.</i> , Towards the Role of IMGW OWr in Supporting Research on Climate Change Impacts .....	70
<i>Hostýnek J., Žák M., Novák M.</i> , Kyrill in the Czech Republic – Measured and Modelled Wind Extremes .....	72
<i>Jeřábek M., Raška P.</i> , The Heart of Natural Risks and their Perception on an Example of the Elbe River Landscape in the Czech-German Borderland.....	78
<i>Behrendt H. et al.</i> , Influence of Global Change on Nutrient Loads in the Elbe Basin .....	81
<i>Grossmann M.</i> , Economic Assessment of Basin-scale Strategies to Achieve Water Quality Goals.....	84
<i>Schanze J.</i> , Analysing Long-Term Changes of Flood Risks and Reduction Options at the Elbe River ...	90
