

**Contents:**

**Flood risk maps and flood hazard maps in the river basin Olšava**

Marcela Gergel'ová, Žofia Kuzevičová, Juraj Gašinec, Jana Sabolová, Štefan Kuzevič..... 7

**Proposal of a method enabling an assessment of the effect of linear erosion control measures on surface runoff parameters in a small catchment**

Jakub Feltl, Petr Doležal ..... 15

**Current stage of green roofs and living walls as an urban ecosystem in sustainable development**

Zuzana Poórová, Zuzana Vranayová..... 23

**Design of parameters for river surfing wave**

Tomáš Andrassy ..... 28

**Research of groundwater flow in flood situation at Sihot' island**

Tomáš Andrassy, Dana Baroková..... 34

**Mathematical modelling of flow of water**

Ivan Valachovič, Radomil Květon..... 40

**Verification of cyclic CBR test with constant stress**

Maialen Arbide, Lenka Ševelová..... 43

**Effective modulus from cyclic CBR test**

Xabier Rivera Sevilla, Lenka Ševelova ..... 48
