

CONTENTS

Articles:

- Michele Colturato*: Solvability of a class of phase field systems related to a sliding mode control problem 623
- Lam Quoc Anh, Dinh Vinh Hien*: On well-posedness for parametric vector quasiequilibrium problems with moving cones 651
- Nguyen Van Quang, Pham Tri Nguyen*: Strong laws of large numbers for sequences of blockwise and pairwise m -dependent random variables in metris spaces 669
- Ahmad Makki*: On the viscous Allen-Cahn and Cahn-Hilliard systems with Willmore regularization 685
