

# THE WHITE STRIPES UNDER GREAT WHITE NORTHERN LIGHTS

## DISC ONE: THE FILM

"In **UNDER GREAT WHITE NORTHERN LIGHTS** Emmett Malloy has captured and crafted a magical, compelling, and perfectly musical document. Having never played extensively in Canada, in 2007 in support of their album *Icky Thump*, The White Stripes embarked on a tour designed to hit "every province and territory" in the country. And so they did. In addition to more conventional concerts they also played a series of "side shows," often concocted on the fly, and Malloy's camera finds them playing in bowling alleys, pool halls, tiny town squares, a fishing boat and, at one point, what appears to be a day-care center. The Stripes cover Canada like a red, white, and black blanket."
