## CONTENTS

Abstract . . . 7
1. Introduction . . . 9
2. History of automated processing of climate data . . . 10
3. History of CLIDATA . . . 12
3.1 ORACLE database system . . . 12
3.2 Programming works . . . 12
3.3 CLIDATA development coordinator . . . 12
3.4 Restrictions in CLIDATA development . . . 13
3.5 Programming code . . . 14
3.6 Language versions . . . 14
3.7 Assigning of specific development tasks . . . 14
3.8 Putting into operation . . . 14
4. Basic access to CLIDATA structures . . . 15
4.1 User rights . . . 15
4.2 Starting CLIDATA . . . 15
4.3 Entering data in CLIDATA . . . 17
4.3.1 Definition of an element . . . 17
4.3.2 Definition of the station . . . 20
4.3.3 Definition of station elements . . . 20
4.3.4 Definition of a data acquisition form . . . 22
4.3.5 Entering of data . . . 22
5. Description of basic parts of CLIDATA . . . 24
5.1 Geography of the station . . . 24
5.1.1 Description of the station observation . . . 28
5.2 Data . . . 31
5.2.1 Basic non-regular and regular data . . . 31
5.2.2 One minute rainfall intensity . . . 35
5.2.3 Meteorological phenomena . . . 35
5.2.4 Pentadal, decadal and monthly data . . . 36
5.2.5 Number of days . . . 39
5.2.6 Long-termed averages and extremes . . . 39
5.2.7 Normals . . . 40
5.3 Data acquisition and data control . . . 40
5.3.1 Data acquisition . . . 40
5.3.2 Data control . . . 40
5.4 System administration . . . 46
5.4.1 Relation to CLICOM . . . 46
5.4.2 Simple code lists . . . 46
5.4.3 Administration of import files . . . 49
5.4.4 Calculation equations . . . 49

5.4.5 Preparation of data e-mails . . . . . 52
5.4.6 FTP transfer of data and information . . . . . 54
5.4.7 Administration of CLIDATA . . . . . 54
5.5 Products . . . . . 56
5.5.1 Wind rose . . . . . 56
5.5.2 X-day function . . . . . 56
5.5.3 Rainfall intensity . . . . . 58
5.5.4 User EDATA . . . . . 58
5.5.5 Regular inquiries . . . . . 61
5.5.6 CLIMAT report . . . . . 61
5.5.7 Frequency characteristics . . . . . 61
6. Using CLIDATA in the Czech Republic and around the world . . . . . 62
6.1 CLIDATA in CHMI . . . . . 62
6.2 CLIDATA in the world . . . . . 62
7. Short-period forecast . . . . . 64
8. Conclusion . . . . . 64
Literature . . . . . 66
List of abbreviations . . . . . 68
