PREFACE	5
INTRODUCTION	6
INAUGURATION OF THE HRDLIČKA ANTHROPOLOGICAL CONGRESS	7

I. THEMATICS OF ALEŠ HRDLIČKA

1. Use of the Hrdlička Skeletal Collection in a Museum Presentation of the Biology of Man	
T. D. S t e w a r t , Washington	17
2. Hrdlička's Theory Concerning the Asiatic Origin of Indians and Contemporary Mongols	
E. V l č e k , Praha	25
3. Aleš Hrdlička in South Moravia (Personal Remembrances)	
A. M a c e k , Mikulov	37
4. Hrdlička's Role in the Development of the Anthropological Conception of Diseases of Civilization	
K. D a n ě k , Nové Město na Moravě	39
5. Aleš Hrdlička's Views on War and Civilization	
M. D o k l á d a l , Brno	45
6. Aleš Hrdlička and the Tradition of the Czech Cultural Anthropology	
J. W o l f , Praha	49
7. The Personality of Aleš Hrdlička as seen by a Psychologist	
M. Š t i c h o v á , Praha	53
8. Adress for Hrdlička Congress Volume	
H. F i e l d , Miami	55
9. Dr. Aleš Hrdlička - a Scientist and a Man	
M. P r o k o p e c , Praha	57

II. GENERAL ANTHROPOLOGY

10. The Need for a Species-Wide Study of Man	
S. T a x , Chicago	65
11. Long Term Trends in the Nutrition at Status of World Populations: A Challenge	
J. B r o ž e k , Betlehem	69
12. The Breathing and Feeding Process in Man and in Lower Mammals	
F. Š k a l o u d , Praha	75
13. Body Composition: Newer Approaches to the Physical Anthropology of the Living Man	
L. P. N o v a k , Rochester	79
14. India and the Evolution of Man	
A. K. G h o s h , Calcutta	89

15. Problem of an Integral Anthropology	
K. M á c h a , Praha	101
16. Individual Variation of Receptor s Joint Pattern in Macaques	
V. N o v o t n ý , Brno	103

III. HUMAN ONTOGENESIS

17. A Long Term Investigation of Maturational Age	
D.F. R o b e r t s , Newcastle	115
18. Biological Age and Sport Fitness of Young Gymnast Women	
V.V. N o v o t n ý , R. T a f t l o v á , Praha	123
19. Some Aspects From the Biomorphology of Twins	
V. B r o d a r , Ljubljana	131
20. Bone Age in Twins	
J. B o h á č k o v á , J. F i š e r o v á , M. H a j n i š o v á , Z. K u b í č k o v á , Praha	135
21. Characteristic Functioning of the Environment upon Body Marks of 7-Years Old Children	
I. D r o b n ý , D. C h o r v a t o v i č o v á , Bratislava	141
22. A System of Constant Control of Development Trends	
J. S u c h ý , Praha	145
23. Regression Lines for Anthropometrical Parameters and Their Application in Appreciating Growth and Development of Children	
M. N o v á k o v á , Praha	155
24. Relative Changes of Selected Anthropometric Characteristic of Growth in Boys from 11 to 18 Years	
J. P a ř í z k o v á , Praha	161
25. Somatic Development in Relation to Various Functional Characteristics in Tunisien Boys and Girls	
J. P a ř í z k o v á , J. M e r h a u t o v á , Praha	169
26. A Contribution to Determine Pigmentation of Hair and Eyes of Gypsy-Youth in Czechoslovakia	
H. M a l á , J. S u c h ý , Praha	181
27. Tongue Rolling and Age	
M. M a r c i n k o v á , Nitra	187
28. The Interrelationship between Genetic and Ecological Factors in Human Growth	
N. W o l a ň s k i , Warszawa	189
29. Contribution to the Study of Secular-Trend Phenomenon in the Physical Development of the New-Born Child	
T. E n ă c h e s c , S. G r i m t z e s c o - P o p , C. G l a v c e , Bucuresti	191

IV. ANTHROPOLOGY IN ADULTS

30. Anthropological Studies of Multidisciplinary Type on the Population of Czech Origin in the Ebenthal Baia Nouă and Ogradena Nouă Villages - Mining Region of Portile de Fier
 H. Dumitrescu, M. Dumitrescu, Bucuresti 199
31. Body Circumferences
 V. Fetter, Praha 209
32. Longitudinal Following of Peripheral Measures of University Students
 V. Hladká, Praha 223
33. Thorax Development and Lungs Vital Capacity of University Girl-Students
 J. Fišerová, V. Hladká, Praha 231
34. Some Anthropometrical Values of the Adult Population in West Slovakia
 E. Fábryová, Bratislava 239
35. Somatotype Characteristics of Champion Athletes
 J.E.L. Carter, San Diego 241
36. Characteristics of Body Structure and Sport Activity of Male and Female Students in the State Rheinland-Pfalz
 H. Hahmann, G. Kurth, Braunschweig 253
37. Sports "Talent and Genetics"
 R. Linc, J. Fleischmann, Praha 267
38. Electronic Digital Skinfold Calliper and its Application in the Sports Anthropology
 V.V. Novotný, Praha 271
39. Somatotypes and Physical Efficiency
 J. Štěpnička, Praha 277
40. Biometry of Thorax Static and Dynamic Measurements of the Thoracic Index by Cyrtometry
 F. Geubelle, Liège, M. Nováková, Praha 285
41. Some Anthropometrical Values of Women Working in Industry
 J. Chmelář, Praha 291

V. ANTHROPOLOGY IN MEDICINE

42. The Cooperation of the Pediatrician with the Anthropologist in the Investigation of the Child's Somatotype
 F. Blažek, Praha 301
43. Recent Anthropological Findings in Sports Medicine
 J.A. Král, V.V. Novotný, Praha 309
44. Possibilities of Cooperation between the Anthropologists and Sexuologists
 J. Hynie, Praha 315
45. Aspects of the Physical Constitution in the Turner's Syndrome
 S.M. Milcu, M. Ciovîrnache, Bucuresti 317
46. Some Anthropometric and Anthroposcopic Data in Children and Adolescents
 V. Fetter, M. Horáčková, Praha 325

47. Use of Regression Lines for Evaluation of the Somatic Development in Sick Children M. Nováková, Z. Hloušková, M. Čopová, J. Zvárová, Praha	333
48. Developmental Characteristics of Mentally Retarded Children M. Šimková, Bratislava	341
49. Growth of the External Ear in German Population and its Use in the Surgery of Congenital Defects K. Hajniš, Praha	345
50. Dermatoglyphics on the Fingers of Oligophrenic Females L. Malá, Praha	353
51. Digital, Plantar and Palmar Dermatoglyphics in Sardinian People C. Maxia, A. Fenu, G. Floris, Cagliari	361
52. Somatic Weight During Gravidity S. Titlbachová, A. Doležal, Praha	379
53. The Skinfold Measured by Calliper and the Thickness of the Fat F. Macků, A. Doležal, L. Šindelářová, K. Vyhnal, Praha	385
54. Comparison of the Potassium 40, Densitometric and Hydrometric Methods of Estimating Total Body Fat Content in Young Women Ch.M. Young, B. Wilson, F. Kallfetz, E.W. Tadayyon, Ithaca - New York	387
55. Attrition of Teeth L. Čechová, S. Titlbachová, Praha	395
56. About the Importance of Following up the Constitutional Data with Patients under Spa Cure A. Weiss, Karlovy Vary	405
57. Diseases of Blood Circulation and Anthropologic Types T. Michalski, Łódź	411
58. An Attempt to Discriminate between Human Populations on the Basis of Some Haematologic Characters C. Corrain, M.A. Capitani, Padua	413
59. The Distribution of Haematological and Metrical Characters among the Populations of Gargano and the Tremiti Islands (Puglia) C. Corrain, F. Pesarin, Padua	421
60. Some Somatic Signs in Hypospadias P. Figalová, Z. Šmahel, Praha	433
61. Contribution to the Problem of Increase of Brain during Anthropogenesis A. Pokorný, Třebíč	439
62. Hormonal Influences on Morphogenesis F. Tvároh, V. Zelenka, Praha	441

VI. ETHNICAL ANTHROPOLOGY

- | | |
|---|-----|
| 63. The Specimens of Anthropometrical Constitutions in the Systematic of the Races and of the Human Racial Variants | 449 |
| L. B r i a n, Genoa | |
| 64. A Study of Pulmonary Function in Relation to Body Morphology in Young - Egyptian Adult Males | 459 |
| A. E l - N o f e l y, A. M a s s o u d, Cairo | |
| 65. Morphological Variability of Egyptian Nubian Men | 465 |
| E. S t r o u h a l, Praha | |
| 66. Endogamy in Egyptian Nubia | 473 |
| F. H. H u s s i e n, Cairo-Dokki | |
| 67. A Preliminary Report on the Sandawe of Tanzania | 481 |
| J. S. W e i n e r, London | |

VII. HISTORICAL AND PRAEHISTORICAL ANTHROPOLOGY

- | | |
|---|-----|
| 68. Racial Affinities of Some Ancient Populations in Mexico | 485 |
| A. W i e r c i ń s k i, Warszawa | |
| 69. Paleolithic Burials at Cueva Morin (Spain) | 501 |
| S. T a x, Chicago | |
| 70. Disease and Culture in the Ancient East Mediterranean | 503 |
| J. T. A n g e l, Washington | |
| 71. Anthropological Structure of the Ancient Slavonic Populations in the Burial Grounds of Mlynowka in the Island of Wolin (Poland) | 509 |
| F. W o k r o j, Poznań | |
| 72. Předmost and Brno as the Basic Forms of Variations of Human Races | 515 |
| K. S a l l e r, München | |
| 73. Multivariate Statistical Methods in Prehistoric Anthropology | 517 |
| I. S c h w i d e t z k y, Mainz | |
| 74. Cromagnonoid Skeletons of the Turin Anthropological Museum from the Grimaldi Caves of Probable Upper Paleolithic Age | 525 |
| M. M a s a l i, Torino | |
| 75. Neurocranium and Splanenocranium in Dinastic Egyptian Samples | 533 |
| D. D a v i d e, Torino | |
| 76. A Contribution to the Anthropology of the Nubian X-Group | 541 |
| E. S t r o u h a l, Praha | |
| 77. Time-Trends in Postcranial Long Bones in Wislica | 549 |
| A. W i e r c i ń s k a, Warszawa | |
| 78. Vertebral Osteophytosis in the Bone Material From Mikulčice (9th Century) | 557 |
| M. S t l o u k a l, L. V y h n á n e k, Brno | |
| 79. Degenerative Diseases in Historical Bone Materials | 559 |
| L. V y h n á n e k, M. S t l o u k a l, Brno | |

80. A Further Contribution to the Morphology of Burned Human Bones
M. D o k l á d a l, Brno

561

APPENDIX

81. Dr. Aleš Hrdlička's Memorial Medal
M. P r o k o p e c, Praha
