Foreword		5
UK Team		
Case study 1	Evaluation of two Promote MSc activities; Number Puzzle 1 and Number Puzzle 2	7
Case study 2	Dinosaur Mechanics: an introduction to biomechanics	12
Case study 3	Renewable Energy Resources/Standby mode	19
Case study 4	Card sort on electrical appliances and energy ratings	25
AT Team		
Case study 5	Vectors in fieldwork	31
Case study 6	3-D-space in small group work	36
Case study 7	3-D-space in fieldwork	40
Case study 8	Plane geometry in fieldwork	45
CZ Team		
Case study 9	Problems of Roofs	51
Case study 10	Activities Developing the Spatial Imagination	57
Case study 11	Wave motion	62
Case study 12	Phenomena connected with the wave motion – reflection and refraction	67
IT Team		
Case study 13	Consecutive Numbers	71
Case study 14	Painted Cube	77
Case study 15	The Enhanced Greenhouse Effect and Global Warming	87
Case study 16	Capacitor Discharge	95
SK Team		
Case study 17	Games with fractions	103
Case study 18	Teaching and learning basic functions using interactive spreadsheet models (EXCEL)	109
Case study 19	How it is being a physics teacher?	114
Case study 20	ICT in new topics in chemistry and motivation primary school pupils and secondary grammar school students	120
