## Part 1 General principles 1

- 1 Virology: how it all began and where it will go next 3
- 2 General properties of viruses 9
- 3 Viral replication and genetics 22
- 4 How viruses cause disease 32
- 5 Resistance of the human body to virus infections 45
- 6 Viruses and the community: the science and practice of epidemiology 62

Further reading 7

## Part 2 Specific viruses 79

### Group 1 Positive-sense single-stranded RNA viruses

- 7 Picornaviruses: polio, hepatitis A, enterovirus, and common cold 81
- 8 Astroviruses: gastroenteritis agents 93
- 9 Caliciviruses: norovirus causing vomiting and diarrhoea 97
- 10 Hepatitis E 103
- 11 Togaviruses: mosquito-borne Chikungunya and teratogenic rubella 107
- 12 Flaviviruses: yellow fever, dengue fever, and hepatitis C 117
- 13 Coronaviruses (including SARS CoV and MERS CoV) 133

### Group 2 Negative-sense single-stranded RNA viruses

- 14 Orthomyxoviruses: influenza A, B, C 141
- 15 Arenaviruses: Lassa and haemorrhagic fevers 157
- 16 Bunyaviruses: Hanta, phlebo, and nairo 165

- 17 Paramyxoviruses: measles, RSV, mumps, parainfluenza, metapneumovirus, and the zoonotic henipaviruses 172
- 18 Filoviruses: zoonotic Marburg, and Ebola 189
- 19 Rabies: zoonotic rabies 196

### Group 3 Double-stranded RNA viruses

- 20 Reoviruses: diarrhoea-causing rotaviruses 205

### Group 4 Double-stranded DNA viruses

- 21 Polyomaviruses 211
- 22 Papillomaviruses 216
- 23 Herpesviruses: herpetic lesions, zoster, cancer, and encephalitis 225
- 24 Smallpox: human disease eradicated but zoonotic pox virus infections common 249
- 25 Adenovirus: respiratory, eye, and gastroenteritis viruses 259

### Group 5 Single-stranded DNA viruses

- 26 Parvoviruses 267

### Group 6 Single-stranded positive sense RNA with an RT

- 27 Retroviruses: HIV-1 and -2 and HTLV 273

### Group 7 Circular double-stranded DNA viruses with an RT

- 28 Hepadnaviruses: hepatitis B and D 288

## Part 3 Practical aspects 305

- 29 The clinical virology laboratory 307
- 30 Control of viral diseases by immunization 317
- 31 Antiviral chemotherapy 331
- Index 343
