Foreword	7
1. The Role of Sound in Communication	9
2. Articulatory Phonetics: How Speech Sounds are Produced	22
3. Acoustic Phonetics: Sound Between Mouth and Ear	71
4. Auditory Phonetics: Ear and Brain	96
5. The Description and Classification of Sounds	125
6. A Language and Its Sounds	176
7. Languages and <i>Their</i> Sounds	215
8. Sounds Working	249
9. Present and Future	273
Further Reading	304
List of Works Consulted	307
Index	315

Index

- accents of English, Ch. 5 and 6,
299f.
 comparison, 184f.
accentuation, 235f.
acoustic characterization, 87ff., 92
 segmentation, 93ff.
acoustic phonetics, 16, Ch. 3, 293ff.
acoustic spectrograph, 87f., 279
acute, 208
affricates, 67, 130, 138
affrication, 224
air mechanisms;
 lung, 39
 pharynx, 41
 mouth, 43
allophone, 122f., 176
alphabetic writing, 274f.
alveolar ridge, 35
 sounds, 35
 symbols, 61
alveolo-palatal, 57
 symbols, 62
American English, 131, 144,
 149, 150, 151, 154, 156,
 158, 159, 160, 162, 163,
 164, 167, 171, 172, 188
amplitude, 73
 section, 88
 and pitch, 100
analysis-synthesis, 296
anterior, 205
aperiodic, 74, 79ff.
apical, 127, 136
apico-alveolar, 45
Arabic, 216, 224, 225, 226
articulation;
 and hearing, 116ff., 295
 bases of, 289
 co-occurrent, 55ff.
 overlapping, 57
 primary, 56
 research in, 287ff.
 secondary, 56
articulation tests, 282
articulatory areas, 46
 defects, 279
 phonetics, 16, Ch. 2
arytenoid cartilages, 25
aspiration, 127, 132
assimilation, 250
attitude markers, 268ff.
auditory feedback, 113f.
 phonetics, 17, Ch. 4
Australian, 149, 163, 165
bandwidth, 86, 88
Berkshire, 169
bilabial sounds, 45
 symbols, 61
binary oppositions, 205
Birmingham, 149, 154, 155, 157,
 162, 163, 166, 168
brain functions, 10, 11, 288f., 295f.
breathing, 22ff.
Burmese, 221, 227, 241
Canadian, 168, 169
Cantonese, 193, 232, 240, 241, 253

- length, 196f.
 and sequences, 258f.
 and words, 254f.
 consonants, 197, 254f.
 syllables, 197f.
 vowels, 197, 220ff., 254f.
- lips, 37
- listening, 111ff.
 and language, 120
- Liverpool, 171
- locus frequency, 91, 118
- loudness, 99, 101ff., 194ff., 245,
 265, 266, 267, 268
- Luganda, 192f., 240
- lungs, 22
 action, 39, 283f.
- Mandarin, 190f., 192, 193, 223,
 240, 241, 253f.
- manners of interference, 46
- Marathi, 53
- marginal consonants, 151
- matching, 13
- Mende, 240
- Midlands, 147
- mimicry, 290
- Mixteco, 240
- mouth air mechanism, 43
 symbols, 63
- narrowing, 48
- nasal cavity, 32
 plosion, 47, 134
- nasality, 290
- nasalization, 32, 110, 219
 symbol, 62
- nasal sounds, 32
 in English, 145ff.
 perception, 104f.
 symbols, 61
 systems, 227
- native intuition, 202, 211f.
- neutralization, 181f., 183
- New Zealand English, 156, 157,
 163, 181
- non-sibilants, 48
- North of England, 147, 156, 157,
 158, 159, 163
- Northumbrian, 144, 150, 156, 165
- Norwegian, 191, 241
- nuclear tones, 243, 244, 246
 and grammar, 263
 and attitude, 264, 268
- nucleus, 243f.
- oesophageal speech, 280f.
- opener positions, 48
- oral cavity, 34ff.
- oval window, 97
- palatalization, 57, 225
 symbol, 62
- palatal sounds, 44
 symbols, 61
- palate, 34f., 42
- palatalo-alveolar sounds, 57
 symbols, 62
 in English, 138
- pause, 259f.
- perception, 99ff.
- period, 73
- periodic sounds, 74ff.
- Persian, 216, 227, 232, 234
- pharyngeal sounds, 42
 symbols, 61
- pharynx, 30ff.
- pharynx air mechanism, 41, 281
 symbols, 62
- phonemes, 66f.
 and perception, 122
 and sounds, 189f.
 and words, 249ff.
 English, 128ff.
 sequences, 180, 229ff.
- phonemic transcription, 69f.
- phonetic transcription, 59ff.
- phonological hierarchy, 201
- phonology, linguistic phonetics, 18

- phonotactics, 229ff.
 pitch, 27, 100f., 190ff., 286f.
 levels, 245
 range, 101, 191f., 244, 265f., 268
 relativity, 191
 plosives, 47
 acoustic structure, 89ff.
 incomplete, 133f.,
 perception of, 104
 symbols, 61
 pneumotachograph, 283
 Polish, 57, 123, 224, 226,
 233
 Portuguese, 217, 221, 224
 post-alveolar sounds, 45
 symbols, 61
 pre-head, 243f., 265
 Provençal, 228
 psychiatry and phonetics, 297f.
 Punjabi, 227
 r-colouring, 110, 171
 realization, 66
 Received Pronunciation, 128
 and Ch. 6 passim.
 resonance, 30, 83ff., 86
 resonance curve, 84
 bandwidth, 86, 88
 resonant frequency, 83
 resonator, 83f.
 retroflex sounds, 45
 symbols, 61
 retroflexion, 110
 reverse clicks, 44, 59
 symbols, 63
 rhotic accents, 163, 165, 170,
 171, 172, 230
 rhythm, 197f., 238f.
 rolls, 47
 perception of, 105
 symbols, 61
 systems, 227
 round window, 98
 Russian, 57, 225f., 227, 228, 231,
 238, 246, 253
 schwa, 153
 Scottish, 132, 136, 144, 145,
 149, 150, 151, 154, 156, 157,
 158, 161, 162, 164, 166, 167,
 171, 180, 181, 218, 255, 256
 secondary articulation, 56, 225
 segmentation, 67ff., 93f.
 selection, 182ff.
 sequence markers, 256ff.
 Sesuto, 227
 sibilants, 48, 142f.
 sinusoidal shape, 74
 social phonetics, 299ff.
 Somali, 240
 Somerset, 150, 160, 161, 163,
 168, 169
 sound description, 125ff.
 function, 65ff.
 production, 38ff.
 quality, 103ff.
 specification, 53ff.
 sounds in sequence, 63ff.
 South African English, 156, 158
 Spanish, 45, 53, 66, 123, 216,
 226, 227, 228, 239
 speaker efficiency, 282
 spectrum, 77ff.
 speech development, 276, 291
 impairment, 276, 292
 therapy, 278ff.
 speech recognizer, 173f., 297
 spelling pronunciation, 145
 stops, 46
 symbols, 61
 systems, 224ff.
 stress, 194ff., 233
 and alphabets, 274
 and length, 195
 and loudness, 194
 and vowel quality, 195

- and word shape, 252
- primary/secondary, 235
- strident, 206
