

Background, teaching notes, tips, and additional activities

- | | |
|--------------------------------------|---|
| 1 Engineering p.6 | 9 Materials p.42 |
| 2 Design and modelling p.10 | 10 Air and water p.47 |
| 3 Measurement p.15 | 11 Heat p.52 |
| 4 Strength and stiffness p.19 | 12 Light and sound p.57 |
| 5 Movement p.23 | 13 Manufacturing p.62 |
| 6 Electricity p.28 | 14 Codes and standards p.67 |
| 7 Electronics p.33 | 15 Helping to save the planet p.72 |
| 8 Computing and logic p.38 | |
-

Language tests and communication activities

Instructions for communication activities p.76

- | | |
|--------------------------------------|--|
| 1 Engineering p.80 | 9 Materials p.96 |
| 2 Design and modelling p.82 | 10 Air and water p.98 |
| 3 Measurement p.84 | 11 Heat p.100 |
| 4 Strength and stiffness p.86 | 12 Light and sound p.102 |
| 5 Movement p.88 | 13 Manufacturing p.104 |
| 6 Electricity p.90 | 14 Codes and standards p.106 |
| 7 Electronics p.92 | 15 Helping to save the planet p.108 |
| 8 Computing and logic p.94 | |

Language tests key p.110
