

# Australasian Radiology

Volume 51, Issue 6, December 2007

## RADIOLOGY

### Pictorial Essays

- 493 Metatarsalgia: An ultrasound perspective  
*J Gregg & P Marks*
- 500 Imaging of ascariasis  
*CJ Das, J Kumar, J Debnath & A Chaudhry*
- 507 Imaging of painful solitary lesions of the sacrum  
*WCG Peh, WL Koh, JW Kwek, MM Htoo & PH Tan*

### Review Article

- 516 Usefulness of muscle denervation as an MRI sign of peripheral nerve pathology  
*DA Lisle & SA Johnstone*

### Original Articles

- 527 Developing the image interpretation skills of South Pacific radiographers: A joint WHO/RANZCR/ISRRRT project  
*I Cowan, T Smith, P Nakabea, O Ajibulu & O Hennessy*
- 532 Comparison of two imaging protocols for acute stroke: Unenhanced cranial CT versus a multimodality cranial CT protocol with perfusion imaging  
*RD Langer, K Neidl van Gorkom, HO Al Kaabi, F Torab, J Czechowski, M Nagi & GM Ashish*
- 538 Modern imaging of renal tuberculosis in children  
*A Mapukata, S Andronikou, S Fasulakis, M McCulloch, M Grobbelaar & L Jee*
- 543 Isolated limb infusion for local control of lower limb melanoma: Radiologic aspects  
*R Cassumbhoy & AG Pitman*
- 550 Post-radiofrequency ablation syndrome after percutaneous radiofrequency of abdominal tumours: One centre experience and review of published works  
*G Carrafiello, D Laganà, A Ianniello, G Dionigi, R Novario, C Recaldini, M Mangini, S Cuffari & C Fugazzola*
- 555 Do kidney sizes in ultrasonography correlate to glomerular filtration rate in healthy children?  
*A Adibi, I Adibi & P Khosravi*

- 560 Use of ultrasound in 187 infants with suspected infantile hypertrophic pyloric stenosis  
*N Forster, RL Haddad, S Choroomi, AV Dilley & J Pereira*

### Technical Article

- 564 How I do it: Flow-limiting stent for intractable encephalopathy following transjugular intrahepatic portosystemic shunt  
*S Lyon*

### Case Report

- 567 Fire-eating: Hazards of hydrocarbon aspiration  
*M Guandalini & K Steinke*

## RADIATION ONCOLOGY

### Original Articles

- 570 Radical radiotherapy with high-dose-rate brachytherapy for uterine cervix cancer long-term results  
*TH Khor, JKL Tuan, SW Hee & IWK Tham*
- 578 Late rectal and urinary toxicity from conformal, dose-escalated radiation therapy for prostate cancer: A prospective study of 402 patients  
*C Lin, S Turner, T Mai, A Kneebone & V GebSKI*
- 584 Palliative radiation therapy for localized prostate symptoms in hormone refractory prostate cancer  
*B Hindson, S Turner & V Do*
- 589 What is a large breast? Measuring and categorizing breast size for tangential breast radiation therapy  
*KL Dundas, J Atyeo & J Cox*

### Case Report

- 594 Amyloidosis of the breast mimicking recurrence in a previously treated early breast cancer  
*JM Toohey, K Ismail, D Lonergan & CR Lewis*

### Letter to the Editor

- 597 Technical idea: Extending and improving the use of an angled 0.035-inch Terumo Glidewire  
*R Livsey*

### 598 CORRIGENDUM

### 599 LIST OF REVIEWERS
