

On the eve of the release of their acclaimed *Acoustic* album, Simple Minds took to the stage of London's famous Hackney Empire to perform a special show for BBC Radio 2's renowned *In Concert* series. The band performed re-imagined acoustic versions of some of their greatest hits and best-loved tracks along with cover versions of some of the songs that influenced them including a stunning finale of *Make Me Smile (Come Up And See Me)* which sees them joined by Steve Harley. This is Simple Minds as you've never seen them before!
