Contents

Preface iii

Geological Time Scale vii

SECTION ONE: **ECOLOGICAL AND HISTORICAL BACKGROUND** 1

1. The vegetation of arid Australia: a biotic appraisal. ..... **O.B. Williams** 3
2. Soil landscapes of arid Australia. ..... **K.H. Northcote and M.J. Wright** 15
3. Landform development in Australia. ..... **R.J. Wasson** 23
4. Aridity in the late Tertiary and Quaternary of Australia. ..... **J.M. Bowler** 35
5. Environmental determinants of biogeography and evolution in Terra Australis. ..... **Henry Nix** 47
6. The Cainozoic palaeobotanical record in arid Australia: fossil evidence for the origin of an arid-adapted flora. ..... **E.M. Truswell and W.K. Harris** 67
7. Proteaceae and the early differentiation of the central Australian flora. ..... **A.R.H. Martin** 77
8. Late Cainozoic vertebrate faunas and the development of aridity in Australia. ..... **Jeannette Hope** 85
9. Late Pleistocene aridity and aeolian landforms in Western Australia. ..... **J.S. Beard** 101
10. Central Australian sand-ridge flora 18,000 years ago: phytogeographic evidence. ..... **R. Buckley** 107
11. A review and critique of studies on the phytogeography of arid Australia. ..... **R.C. Carolin** 119
12. Selection processes in arid Australia. ..... **P.J.M. Greenslade** 125

SECTION TWO: **PLANTS: ECOLOGICAL AND REPRODUCTIVE ADAPTATIONS** 131

13. Environmentally adaptive traits in arid zone plants. ..... **D.J. Anderson** 133
14. Regeneration of arid zone plants: a floristic survey. ..... **J.R. Maconochie** 141
15. Adaptation of shrub species to fires in the arid zone. ..... **K.C. Hodgkinson and G.F. Griffin** 145
16. The significance of fire in the biology and evolutionary ecology of mallee *Eucalyptus* populations. ..... **J.C. Noble** 153
17. Cytogenetic systems in Australian arid zone plants. ..... **B.A. Barlow** 161
18. Pollination syndromes and breeding systems of Western Australian arid zone plants. ..... **G.J. Keighery** 167

SECTION THREE: **VERTEBRATE ANIMALS** 173

19. Adaptations and evolution of the mammals of arid Australia. ..... **P.R. Baverstock** 175
20. Adaptations of the red kangaroo and euro (Macropodidae) to aridity. ..... **M.J.S. Denny** 179
21. Control of mammalian and avian reproduction in the Australian arid zone, with special reference to rodents. ..... **W.G. Breed** 185
22. Origin, adaptation and evolution of birds in arid Australia. ..... **R. Schodde** 191

23. Phyletic groups within the family Agamidae (Reptilia: Lacertilia) in Australia. ..... **G.J. Witten** 225
24. Adaptation to aridity in lizards of the *Egernia whitei* species-group. ..... **R.P. Henzell** 229
25. Desert adaptations of *Cyclorana platycephalus*: an holistic approach to desert-adaptation in frogs. ..... **E. van Beurden** 235
26. Adaptations of fishes in arid Australia. ..... **C.J.M. Glover** 241

SECTION FOUR: **INVERTEBRATE ANIMALS** 247

27. Distribution and speciation in meat ants, *Iridomyrmex purpureus* and related species (Hymenoptera: Formicidae). ..... **P.J.M. Greenslade and R.B. Halliday** 249
28. Granivory in the Australian arid zone: diversity of harvester ants and structure of their communities. ..... **S.R. Morton** 257
29. Distribution, biology and speciation in the Australian harvester termites, *Drepanotermes* (Isoptera: Termitinae). ..... **J.A.L. Watson** 263
30. Origins of the collembolan fauna of arid Australia. ..... **Penelope Greenslade** 267
31. Adaptations to arid habitats by mygalomorph spiders. ..... **Barbara York Main** 273

SECTION FIVE: **PLANTS: INDIVIDUAL GROUPS** 285

32. Relationships, distribution and evolution of *Triodia* and *Plectrachne* (Gramineae). ..... **S.W.L. Jacobs** 287
33. Biogeography and evolution in the shrubby Australian species of *Atriplex* (Chenopodiaceae). ..... **G. A. Parr-Smith** 291
34. Phytogeography of *Acacia* (Leguminosae: Mimosoideae) in Central Australia. ..... **B.R. Maslin and S.D. Hopper** 301
35. Evolution and biogeography of *Leptosema* (Leguminosae: Papilionoideae). ..... **M.D. Crisp** 317
36. Distribution and evolution of *Euphorbia* and *Chamaesyce* (Euphorbiaceae) in the arid zone of Australia. ..... **D.C. Hassall** 323
37. Radiation and adaptation of *Dodonaea* (Sapindaceae) in arid Australia. ..... **J.G. West** 329
38. *Solanum* (Solanaceae) in arid Australia. ..... **D.E. Symon** 335
39. Evolution, adaptation and biogeography in arid Australian Scrophulariaceae. ..... **W.R. Barker** 341
40. Breeding systems and distribution patterns of some arid Australian genera of the subtribe Gnaphaliinae (Compositae: Inuleae). ..... **P.S. Short** 351
41. *Calotis* (Compositae), a Pliocene arid-zone genus? ..... **Helen M. Stace** 357

SECTION SIX: **CONCLUDING REVIEW** 369

42. Summary and redintegration. ..... **S. Smith-White** 371

Index to Plant Names 381

Index to Animal Names 387
