

CONTENTS

Section One: Basics

- Introduction, 1**
John D. Hsu
- 1 The Orthotic Prescription, 3**
Thomas R. Lunsford and John M. Wallace
- 2 Strength and Materials, 15**
Thomas R. Lunsford
- 3 Normal and Pathological Gait, 67**
Jacquelin Perry
- 4 Biomechanics of the Spine, 93**
*Melvin D. Law, Jr., Augustus A. White III,
and Manohar M. Panjabi*
- 5 Biomechanics of the Upper
Extremity, 115**
Marjorie E. Johnson and Kai-Nan An
- 6 Biomechanics of the Hand, 125**
*William W. Eversmann, Jr.,
and James C. Johns, Jr.*
- 7 Biomechanics of the Foot, 135**
Roger A. Mann and Jeffrey A. Mann

Section Two: Principles, Materials, and Components

- Introduction, 153**
John W. Michael
- 8 Principles and Components of Spinal
Orthoses, 155**
*Thomas M. Gavin, Avinash G. Patwardhan,
Wilton H. Bunch, Donna Q. Gavin, Phyllis
D. Levine, and Laura Fenwick*
- 9 Upper Limb Orthoses, 195**
Thomas R. Lunsford
- 10 Lower Limb Orthoses, 209**
John W. Michael
- 11 Shoes, 225**
Carol Frey

Section Three: Spinal Orthoses

- Introduction, 241**
John E. Lonstein
- 12 Orthoses for Spinal Pain, 243**
Joan E. Edelstein
- 13 Orthoses for Spinal Trauma and
Postoperative Care, 251**
Courtney W. Brown and Gregory H. Chow
- 14 Orthoses for Spinal Deformities, 259**
John E. Lonstein

Section Four: Upper Limb Orthoses

- Introduction, 279**
William W. Eversmann, Jr.
- 15 Upper Extremity Orthoses for the
Brain-Injured Patient, 281**
Mary Ann Keenan
- 16 Upper Limb Orthoses for the Spinal
Cord Injured Patient, 291**
*Darrell R. Clark, Robert L. Waters,
and Jane M. Baumgarten*
- 17 Orthoses for the Burned Hand, 305**
*John A. I. Grossman, Lorna E. Ramos,
and Enricho B. Robotti*
- 18 Orthoses for the Arthritic Hand
and Wrist, 315**
*Alfred B. Swanson, Troy D. Pierce, Judy
Leonard, and Geneviève de Groot Swanson*
- 19 Splinting in Peripheral Nerve
Palsy, 335**
*Timothy S. Loth and William W.
Eversmann, Jr.*
- 20 Orthoses for Brachial Plexus
Injuries, 339**
*Robert D. Leffert, Colleen Lowe,
and John M. Snowden*

21 Functional Bracing of Upper Extremity Fractures, 349

*Thomas J. Moore, John Dorris,
and Scott J. Calhoun*

22 Orthoses for Sport-Related Disorders, 355

Letha Y. Griffin and Joseph B. Chandler

23 Orthoses for Cumulative Trauma Disorder, 371

William W. Eversmann, Jr.

Section Five: Lower Limb Orthoses

Introduction, 377

Thomas J. Moore

24 Orthoses for Brain-Injured Patients, 379

*Colin W. Fennell, Arlene N. Yang,
and Douglas Elson*

25 Lower Extremity Orthoses for Spinal Cord Injury, 391

James H. Campbell and Thomas J. Moore

26 Functional Bracing of Lower Extremity Fractures, 401

Thomas J. Moore

27 Orthoses in Total Joint Replacement, 409

Howard S. Hirsch and Paul A. Lotke

28 Knee Orthoses for Sports-Related Disorders, 415

Theodore F. Schlegel and J. Richard Steadman

29 Orthotic Management of the Neuropathic and Dysvascular Patient, 427

Richard B. Chambers and Nancy Elftman

30 Orthoses for Postpolio Syndrome, 455

Robert S. Lin and Thomas J. Moore

31 Foot Orthoses, 463

Kent K. Wu

Section Six: Pediatric Orthoses

Introduction, 477

John R. Fisk

32 Congenital and Acquired Disorders, 479

*Alvin H. Crawford, Rita Ayyangar,
and Gregory L. Durrett*

33 Pediatric Spinal Injuries, 501

*Cathleen S. Van Buskirk, James C. Drennan,
and John F. Ritterbusch*

34 Hip Disorders, 509

John A. Reister and Robert E. Eilert

35 Orthoses for the Muscle Disease Patient, 527

John D. Hsu

36 Cerebral Palsy, 533

John R. Fisk and Terry J. Supan

37 Bracing in Myelomeningocele, 543

Mary Williams Clark

Section Seven: Assistive Devices

Introduction, 555

Bertram Goldberg

38 Canes, Crutches, and Walkers, 557

*Bertram Goldberg, Maurice LeBlanc,
and Joan Edelstein*

39 Positioning and Wheeled Mobility for Children and Adults with Disabilities, 575

*Jan Furumasu, Gail Gilinsky,
and Betti J. Krapfl*

40 Assistive Devices for Recreation, 617

Sam Andrews

41 Sports Adaptations for the Physically Challenged Athlete, 627

*David F. Apple, Jr., Judy Askins, Ann Cody,
Barbara Trader, and Grant Peacock*

42 Assistive Devices for Driving, 641

Deena Garrison Jones

43 Assistive Devices for Daily Living, 655

Y. Lynn Yasuda

44 Electronic Aids and Robotics, 669

*Tariq Rahman, William S. Harwin,
and Richard A. Foulds*

Epilogue: The Future, 677

Bertram Goldberg and John D. Hsu
