Review

Risk factors for healthcare-associated urinary tract infection and their applications in surveillance using hospital administrative data: a systematic review

C. King, L. Garcia Alvarez, A. Holmes, L. Moore, T. Galletly and P. Aylin

219

Original Articles

Cost-effectiveness of supplementing a broth-enriched culture test with the Xpert meticillin-resistant *Staphylococcus aureus* (MRSA) assay for screening inpatients at high risk of MRSA

J. Li, K. Ulvin, H. Biboh and I.S. Kristiansen

227

Significant reduction in vancomycin-resistant enterococcus colonization and bacteraemia after introduction of a bleach-based cleaning-disinfection programme

E.A. Grabsch, A.A. Mahony, D.R.M. Cameron, R.D. Martin, M. Heland, P. Davey, M. Petty, S. Xie and M.L. Grayson

234

Decreasing time trend in SSI incidence for orthopaedic procedures: surveillance matters!

I. Skræmm, J. Šaltytė Benth and G. Bukholm

243

Early onset prosthetic hip and knee joint infection: treatment and outcomes in Victoria, Australia

T.N. Peel, A.C. Cheng, P.F.M. Choong and K.L. Buising

248

Multidrug-resistant bacteria in travellers hospitalized abroad: prevalence, characteristics, and influence on clinical outcome

J. Nemeth, B. Ledergerber, B. Preiswerk, A. Nobile, S. Karrer, C. Ruef and S.P. Kuster

254

Clonal spread and patient risk factors for acquisition of extensively drug-resistant *Acinetobacter baumannii* in a neonatal intensive care unit in Italy

R. Zarrilli, A. Di Popolo, M. Bagattini, M. Giannouli, D. Martino, M. Barchitta, A. Quattrocchi, V.D. Iula, C. de Luca, A. Scarcella, M. Triassi and A. Agodi

260

Seroprevalence of hepatitis C virus infection among surgical nurses, their patients and blood donation candidates in Poland

M. Ganczak, M. Korzeń and Z. Szych

266

Short Reports

Feasibility and effectiveness of an electronic hand hygiene feedback device targeted to improve rates of hand hygiene

A.G. Sahud, N. Bhanot, S. Narasimhan and E.S. Malka

271

Improving infection prevention practice in primary and community care

C. Blaine, C. Pellowe and S. Hodgkinson

274

Comparison of virucidal activity of alcohol-based hand sanitizers versus antimicrobial hand soaps *in vitro* and *in vivo*

J. Steinmann, D. Paulmann, B. Becker, B. Bischoff, E. Steinmann and J. Steinmann

277

Impact of Port-A-Cath device management in cancer patients with candidaemia

Y.-C. Lai, L.-J. Huang, T.-L. Chen, Y.-W. Yang, L.-T. Hsiao, H.-W. Teng, C.-P. Fung, T.-J. Chiou, C.-H. Tzeng and C.-Y. Liu

281

Outbreak of *Pseudomonas fluorescens* bloodstream infection in a coronary care unit

N. Benito, B. Mirelis, M. Luz Gálvez, M. Vila, J. López-Contreras, A. Cotura, V. Pomar, F. March, F. Navarro, P. Coll and M. Gurgui

286

Control of multi-drug-resistant *Acinetobacter baumannii* outbreaks in an intensive care unit: feasibility and economic impact of rapid unit closure

S. Ayraud-Thévenot, C. Huart, O. Mimoz, M. Taouqi, C. Laland, A. Bousseau and O. Castel

290

Invasive aspergillosis: drug-dispensing systems as a source of filamentous fungal contamination in high-risk units?

P. Gibert, E. Brudieu, J.F. Timsit, L. Foroni, A. Thiébaud-Bertrand, B. Allenet, H. Pelloux and M.-P. Brenier Pinchart

293

Letters to the Editor

Reply to: Kampf G, Ostermeyer C. World Health Organization-recommended hand-rub formulations do not meet European efficacy requirements for surgical hand disinfection in five minutes (*J Hosp Infect* 2011;78:123-127)

B. Allegranzi, J.M. Boyce, S. Dharan, E.M. Kim, M. Rotter, M. Suchomel, A. Voss, A. Widmer and D. Pittet

297

Final comment on letter by Allegranzi *et al.*

G. Kampf and C. Ostermeyer

298

Reply to Destrez: Efficacy, efficiency and safety aspects of hydrogen peroxide vapour and aerosolized hydrogen peroxide room disinfection systems

T.Y. Fu, P. Gent and V. Kumar

300

Virological screening in cases of ALI/ARDS

A. Peris, M. Bonizzoli, G. Zagli and A. Azzi

300

How valid are the 'persistent and residual antimicrobial properties' described by Beausoleil *et al.*?

G. Kampf

301

Use of microbial sealant to prevent surgical site infections

P.M. Dohmen

302

Water-borne infections and warming the sterile water for washing high-risk infants on neonatal intensive care units

B. Cherian and E. Price
