News

5 World News

Spotlight

10 World Water Week

This year's World Water Week focused on finding ways to better use, and reuse, the world's increasingly scarce fresh water.

Small hydro

12 Bridging the data gaps

A modelling package can be used anywhere in the world to assess the potential for small hydro developments.

14 Hydropower resource mapping for West Africa

Is big data proving the case for small hydro developments in West Africa?

18 Island paradise

The island of Samoa has proven itself as a leader in small hydro.

Canada

22 Investing in small hydro

Companies are continuing to invest in small hydro developments in Canada.

24 The big 10

The 10 largest generating hydropower facilities in the country.

28 Going international

Canada's marine energy sector is working with other countries to advance development.

29 Getting the updates

Key hydropower and dam projects currently being developed, or upgraded.

Gates

32 Gracon gates

Gracon shares project experiences.

Large dams

34 Animating dam development funds

A new video from the GWI highlights how sharing the revenue from large dams can support local, as well as national, development.

36 Dam updates

Rodney Bridle reports from the recent 85th annual ICOLD meeting.

39 Large dam updates

Large dam construction projects are underway worldwide.

Repair

40 Taking dam repairs to new heights

An insight into how helicopters can play a valuable role in project repairs.

42 Transformer monitoring solutions

Inspecting oil levels non-invasively.

43 Sharing concepts and techniques

Discussing sediment bypass tunnels.

Opinion

44 Nexus thinking

The implications of the water-energy-food nexus.

Cover: PJ Helicopter has assisted in the spillway repairs at the Oroville Dam in California (see p40).
